STOCKHOLM

An understated nod to classic Swedish design, we've perfected with this chair details that are finer and smaller. A solid wood frame gives strength and yet it is sculpted in such a delicate and refined way that it's almost plant-like, a glorious example of juxtaposition and contrast. Shown here in Mohair Velvet and Undyed Leather, we will work with you to pick an upholstery material that will power your ass through lunch (or whatever brings you to the table).
