The *Dado Table* is the first in a new Collection that will represent a full system for living. Its design highlights a joint and groove construction that illustrates the elegant simplicity and strength of wood joinery. The *Dado Table* features joints that have a unique pillowed appearance, drawing attention to the methods of construction while showcasing exquisite hand-tooled craftsmanship. The Table features an exposed spine at its center, while *RW Guild* original hardware fasteners on the stretcher reveal the points of attachment. The *Dado Collection* is inspired by early Swedish design as well as Donald Judd's vernacular furniture, which is rooted in the belief that objects can reveal the honesty of their construction.

ABOUT THE CREATORS

STEPHEN ALESCH & ROBIN STANDEFER

Robin Standefer and Stephen Alesch are the founders and principals of Roman and Williams and RW Guild. They present a radical vision for the home and a way of living that is not just beautiful and luxurious; it is deeply connected to nature, culture, and community. Following in a tradition of makers who create forms, shapes, and ideas, every piece has a story informed by their years of work and study in the fields of architecture, film, fine art, and interior design. Each of Robin and Stephen's Original Designs is the product of deep research, exhaustive sourcing, and many stages of hand-drafting, constructing, and prototyping—quality is stubbornly uncompromising. Throughout all stages of production, each piece champions natural materials, and the master craftsmen and artisans who have dedicated their lives to proven, ancient techniques and methods. RW Guild Original Designs are about endurance and can be maintained and repaired, every piece a modern heirloom made to last for generations
