## HOW TO PLAY:

This is slightly different from traditional Bingo, but super easy to play. Cut out the 24 individual calling cards and put them in a bag or container (a witch's hat would be cute). Have plenty of M & Ms, Candy Corn or Smarties for players to mark their cards. The Caller pulls a card out of the container, calling out what is on the card & showing the card for players to see. Players check their Bingo Card for a matching picture. If they have a match, they cover that spot with a piece of candy. Continue pulling out calling cards one at a time until someone gets five in a row, either horizontally or vertically. That person calls "Bingo" and is the winner.

## HERE'S ANOTHER FUN WAY TO PLAY:

Print two sets of Calling Cards and use them to play the Memory Game. Mix up the cards and place them face down in rows. The youngest player goes first. The player turns over two cards. If they have a match, the player keeps that pair and they get to go again. If there's not a match, the player turns the cards face down again and it's the next player's turn. The player with the most matched pairs wins!
