

Aloha friend!

Welcome back.

This is just a quick introduction video to let you know what we'll be covering in this module.

We're going to dive into some Frequently Asked Questions that we've fielded from fellow HealThy Mouth System customers as well as some Pocket Applicator Maintenance and Troubleshooting Tips.

Each video will cover one question.

In this way, you can easily jump to each question to get the answer you need.

We'll try to keep each video short, and to help you prioritize which ones to watch, we will attempt to list the videos in order of most to least commonly asked questions around how to use your pocket applicator.

And if you don't find the answer to your question in these videos, please look for it on the FAQ page or shoot us an email with your question so we can help you out.

With that, let's jump right in to the most common question about using the pocket applicator!

Thank you and Aloha!
