NeoChiller® Specifications

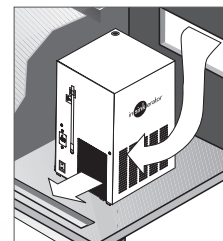

NeoChiller™

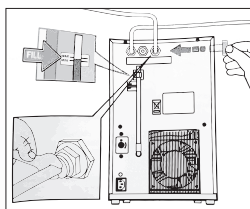

- Small, compact domestic chiller unit
- Designed for easy installation under the kitchen sink
- Dispenses up to 7 litres per hour of cold, still water between 3°C and 10°C
- Filtered to remove impurities and odours, without affecting the water's natural mineral content
- Ice-bank cooling technology for optimum performance
- Standard 3-pin plug that plugs straight into a wall socket.
- CE approved

Placement guide with minimum clearances for NeoTank installation.

It is recommended to have cabinetry vented to create adequate air-flow.

IMPORTANT NOTICE

Remove red plug from ICE BANK FILL port (C). Connect plastic tube to this port on the other end to the Y fitting (smaller side). Turn on water supply and fill ice bank use fill marking. When full remove plastic tube from chiller and insert plug.
