MATERIAL SAFETY DATA SHEET

LUSTRE LAMINATION

1. IDENTIFICATION OF SUBSTANCE

- 1.1. Product (material) name: Brow Code, Lustre Lamination
1.2. Commercial name: Lustre Lamination
- 1.3. Supplier: Brow Code
1.4. Address: 5 Distribution Avenue, Molendinar 4214, QLD
1.5. Phone: +61 07 55 646 977
1.6. Fax: +61 07 55 646 005
1.7. Email: shop@browcode.com
1.8. Website: www.browcode.com
- 1.9. Emergency Contact: Poisons Information centre
Australia 13 11 26
New Zealand: 0800 764 766
U.S.S: 1800 222 1222

2. COMPOSITION / DATA ON COMPONENTS

- 2.1. Substances: This product is a mixture.
- 2.3. Ingredients: aqua (water), c12-20 acid peg-8 ester, glycerin, cetyl alcohol, argania spinosa oil (argania spinosa kernel oil), caprylic/capric triglyceride, ricinus communis oil (ricinus communis (castor) seed oil), simmondsia chinensis oil (simmondsia chinensis (jojoba) seed oil), soluble collagen, panthenol, tocopheryl acetate, hydrolyzed keratin (hydrolyzed keratin), hydrolyzed silk, phenoxyethanol, imidazolidinyl urea, propylene glycol, tetrasodium glutamate diacetate, ethylhexylglycerin, cetrimonium chloride, citric acid

3. HAZARDS IDENTIFICATION

- 3.1. Classification of the mixture: When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies.
- 3.2. Label elements: Avoid contact with eyes. In case of contact with eyes, rinse immediately with water. to inadvertent misuse or accidents as well as possible commercial uses. May cause eye irritation.
- 3.3. Other hazards: Product may be flammable; Irritant effect after eye contact possible.

4. First Aid Measures

You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.

- 4.1 First Aid Measures:
- Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.
 - Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one to two glasses of water. Where appropriate, consult competent Poison Control Centre or doctor. In the case of babies/infants always inform the Poison Control Centre or doctor as a precautionary measure.
 - Discomfort on contact of product with skin: immediately wash off with water and soap; skincare. If skin irritation persists, consult doctor.
 - Intensive inhalation of aerosols: remove person affected to fresh air; if discomfort persists, consult Poison Control Centre or doctor.
 - When consulting a doctor or a Poison Control Centre, always have packaging or label and possibly package insert available.
- 4.2 Most important symptoms and effects, both acute and delayed: Not available.

4.3 Indication of any immediate medical attention and special treatment needed:

None.

5. FIRE FIGHTING MEASURES

- 5.1. Extinguishing media: All common extinguishing agents are suitable.
- 5.2. Special hazards arising from the substance or mixture: None.
- 5.3. Advice for firefighters: None.

6. ACCIDENT RELEASE MEASURES

This article does not contain hazardous substances or mixtures intended to be released under normal or reasonably foreseeable conditions of use. Bigger amounts should not be disposed to wastewater. In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths or mopping up material by controlled disposal risk. Remove rest with plenty of water and common cleaning agent. Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

7. HANDLING AND STORAGE

- 7.1. Precautions for safe handling: For more information see application sheet. Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging. Keep away from eyes.
- 7.2. Conditions for safe storage: Optimal storage temperature 15-25°C; store dry, well closed and lightprotected (short deviations are acceptable). Store separated from food and semi-luxuries. Avoid contamination and reseal container after use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

8. EXPOSURE CONTROL AND PERSONAL PROTECTION

- 8.1. Control parameters: None.

8.2. Exposure controls:

No information available.

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties:

- Appearance: Cream
- Colour: white
- Odor: characteristic
- pH max (20°C): 6.5 - 7
- Density (20°C): 0,9500 - 1,1000 [g/ml]

10. STABILITY AND REACTIVITY

10.1. Reactivity:

Not known.

10.2. Chemical stability:

The product is stable if used and stored as intended.

10.3. Possibility of hazardous reactions:

No hazardous reactions if used as intended.

10.4. Conditions to avoid:

See section 7.

10.5. Incompatible materials:

Not known.

10.6. Hazardous

decomposition products:

No decomposition products if used as intended.

11. TOXICOLOGICAL INFORMATION

11.1. Information on toxicological effects:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

12. ECOLOGICAL INFORMATION:

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

13. DISPOSABLE CONSIDERATIONS:

- 13.1. Waste treatment methods: Disposal should be in accordance with federal, state/provincial and local regulations. Do not discharge product into natural waters without pretreatment or adequate dilution. After the emptying of residues the packaging can be given to the collection of recyclables.

14. REGULATORY INFORMATION

COSMETIC PRODUCT. TO COMPLY WITH COSMETIC DIRECTIVE (EC) NO 1223/2009.

15. TRANSPORT INFORMATION

COSMETIC- NOT CLASSIFIED AS DANGEROUS GOOD.

16. OTHER INFORMATION

This datasheet completes the information given with the product but does not replace it. The information that it contains is based on our knowledge of the concerned product, at the given date. The indications are given in good faith. The attention of the user is drawn to the risks which are run when the product is employed for other uses than those for which it has been created.

Follow conditions of use and any warnings on the product or packaging. For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.

2. COMPOSITION / DATA ON COMPONENTS

2.1. Substances:	This product is a mixture.
2.3. Ingredients	Aqua, Ethanolamine Thioglycolate, Cetearyl Alcohol, Ammonium Thioglycolate, Propylene Glycol, PEG-7 Glyceryl Cocoate, Sodium Lauryl Sulfate, Cetearth-20, Ethanolamine, Parfum, Alpha-Isomethy Ionone, Citronellol, Hexyl Cinnamal, Limonene, Linalool.

3. HAZARDS IDENTIFICATION

3.1. Classification of the mixture:	When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possible commercial uses.
-------------------------------------	---

- 3.2. Label elements: For professional use only. Follow instructions for use. Wear suitable protective gloves. Not to be used on irritated or injured skin. Avoid contact with eyes. In case of contact with eyes, rinse immediately with water and consult a doctor. May cause sensitization on contact with skin. Keep out of reach of children.
- 3.3. Other hazards: Warning: Contains Thioglycolate. It is therefore recommended to make an allergy test 24 hours before application.

4. First Aid Measures

You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.

4.1 First Aid Measures:

- Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.
- Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one to two glasses of water. Where appropriate, consult competent Poison Control Centre or doctor. Remove rest with plenty of water and common cleaning agent. Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

7. HANDLING AND STORAGE

- 7.1. Precautions for safe handling: For more information see application sheet. Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging. wear gloves (single use gloves in accordance with DIN EN 374 of PVC or nitrile). Observe any warnings on packaging. Do not mix with oxidising agents such as hydrogen peroxide or bleaches.
- 7.2. Conditions for safe storage: Optimal storage temperature 15-25°C; store dry, well closed and lightprotected (short deviations are acceptable). Store separated from food and semi-luxuries. Avoid contamination and reseal container after use.

8. EXPOSURE CONTROL AND PERSONAL PROTECTION

- 8.1. Control parameters: None.
- 8.2. Exposure controls: No information available.

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties:

- Appearance: lotion, viscous O/W emulsion
- Colour: white, milky
- Odor: characteristic, floral
- pH max (20°C): 8.9
- Density (20°C): ~0.9849 [g/ml]

10. STABILITY AND REACTIVITY

10.1. Reactivity:

Do not mix with an oxidative product.

10.2. Chemical stability:

The product is stable if used and stored as intended.

10.3. Possibility of hazardous reactions:

No hazardous reactions if used as intended.

10.4. Conditions to avoid:

See section 7.

10.5. Incompatible materials:

Not known.

10.6. Hazardous

decomposition products:

No decomposition products if used as intended.

11. TOXICOLOGICAL INFORMATION

11.1. Information on toxicological effects:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

12. ECOLOGICAL INFORMATION:

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

13. DISPOSABLE CONSIDERATIONS:

- 13.1. **Waste treatment methods:** Disposal should be in accordance with federal, state/provincial and local regulations. Do not discharge product into natural waters without pretreatment or adequate dilution. After the emptying of residues the packaging can be given to the collection of recyclables.

14. REGULATORY INFORMATION

COSMETIC PRODUCT. TO COMPLY WITH COSMETIC DIRECTIVE (EC) NO 1223/2009. INGREDIENT CONCENTRATIONS (THIOGLYCOLIC ACID), WORDING OF CONDITIONS OF USE AND WARNINGS REGULATED BY ANNEX III OF THIS DIRECTIVE.

15. TRANSPORT INFORMATION

COSMETIC- NOT CLASSIFIED AS DANGEROUS GOOD.

16. OTHER INFORMATION

This datasheet completes the information given with the product but does not replace it. The information that it contains is based on our knowledge of the concerned product, at the given date.
