THE MOOV STORY

THE MOOV SISTERS

Stéphanie and Geneviève Tremblay are enjoying a new chapter in their lives. Formally trained in oceanography and television production respectively, they have now returned to their true love, sports. Their new venture, **MOOV Studio**, is a fitness centre for active families. As businesswomen, certified trainers, and on-the-go moms, Stéphanie and Geneviève are spearheading a new MOOVment.

MOOV ACTIVEWEAR

The MOOV sisters are **people persons**. Wanting to cater to all body types, ages, and sizes, Stéphanie and Geneviève created MOOV Activewear, a collection that addresses the requirements of all women.

Casual yet chic, the garments can be sported at the gym or at Sunday brunch. **Designed and produced in Quebec**, MOOV Activewear provides the fit and **freedom of movement** that makes you forget about love handles, cellulite, or a caesarean scar. Plus, MOOV leggings can be worn without undies.

OUR TEXTILE

Our **high-quality** textile offers numerous benefits, including flattering your figure. Created exclusively for MOOV Activewear, it stretches up to **five times its size** before returning to its original shape.

MOOV Activewear is eco-friendly and part of the slow fashion movement. To us, **being green** is as important as being active.
