

BACKFLOW VALVES

 **i-meter**[®]
Innovative Metering Solutions

Specifications:

- Material: solid brass + stainless steel spring
- Color: gold, as picture shows
- Size: 1/2" (DN15), 3/4" (DN20), 1" (DN25), 1-1/4" (DN32), 1-1/2" (DN40)
- Form: In-line check valve
- Air pressure at the normal temperature water and oil: 200# WOG
- Brass In-Line Spring Vertical Check Valve 200WOG

Features:

- Suitable for full range of liquids and gas
- Oil resistant, resistant to corrosion
- For checking control valve, prevent water, gas, oil reflux
- Able to discharge sewage and gas, environmentally friendly and durable
