# About

Coast EMS, LLC was established in February 2017 with its headquarters located in Anaheim, California.

Coast EMS is a supplier of ALS, BLS, CPR, Medical Simulation, First-Aid, Safety Products and Personal Protection Products. As a Woman-Owned Small Business, Coast EMS is committed to providing quality products at competitive prices. Coast EMS specializes in providing Medical Simulation Training Manikins to fit the customer's specific needs and budget.

## EXPERIENCE AND RESOURCES

Coast EMS is a California-based business with 4 employees that bring together 20+ years' experience in the field. Coast EMS is in a unique position of operating as an established and mature company with available resources and capital to execute this GSA Schedule independently and efficiently.

Resources available to Coast EMS

- Modern Accounting System
- Warehouse To Store Products
- Funds and Line of Credit Dedicated to Maintain GSA Schedule
- Policies and Procedures to ensure quality performance

## EXPERTISE AND CAPABILITIES

The experience and past performance relevant to this solicitation demonstrates our ability to fulfill the requirements of this solicitation as well as the ability to compete and succeed within the Federal marketplace.

Our President, Mr. Rich Lawce, brings 13+ years' experience in the field selling through GSA and sustained sales of more than \$4 million annually for four consecutive years.

Mr. Robert Cisneros has 3+ years' experience of previous accounting work with a GSA vendor. Mr. Cisneros ensured compliance with the sales accounting system and ensured all sales were accurately reported.

**Organization:** Coast EMS is organized efficiently and effectively to meet our Federal clients' requirements and offer an experienced, diverse and reliable managerial and technical staff to support its clients. The below illustrates our organizational chart:

- Christine Kemby, CEO
- Don Kemby, COO
- Rich Lawce, President
- Robert Cisneros, Manager

**1a. Table of Awarded Special Item****Numbers (SINs):**

OLM, OLM/RC – Order Level Materials (OLMs)  
 333318TDTM/RC – Off-the-Shelf Training Devices:  
 Proposed training devices shall be commercially-available off-the-shelf training devices to include software programs, teaching machines and devices, simulators such as driving simulators, flight simulators, etc., prepared printed instructional material, medical models and simulators, prepared audio and visual instruction material and multimedia program kits.  
 Customizable Training Devices: Proposed customized training devices and simulators shall be in addition to the or the result of planning, designing, and/or producing customized training products that include but are not limited to print, audio/visual, audio, digital formats and emerging technologies. Proposed training devices, print materials, audio-visual and multimedia formats, electronic media, etc., shall directly train students in a specific subject matter(s) or assist in the training of a specific subject matter(s). Customizable Training Devices/Materials: Proposed off-the-shelf devices and simulators may be customized to customer specifications via a scope of work and priced on a firm fixed price or labor hour basis.
