WHO ARE WE

1950

Archie Pohl a graduate of Iowa State College and General Motors School of Technology moved to California with his wife Olive and children from Flint Michigan in 1948 looking to begin their own company. In 1950, Pohl Metal Products was born, and Archie began to design and fabricate his line of irrigation gates, as well as turkey feeders. Quickly becoming the leading fabricator throughout the California Central Valley.

1970

Archie and Olives son Bill entered the family business after completing his degree in engineering through Cal Poly San Luis Obispo. His ideas and engineering experience brought Pohl Metal Products into a new era. With increasing needs for irrigation, Bill implemented a new design for an iron welded gate with a cam lock lever "toggle gate" that superseded anything on the market at that time.

1972

Pohl Metal moves into new location to expand fabrication and production. By 1975 Pohl Metal was incorporated and envisioning the next big idea.

1975

Bill began engineering a NEW design of a NO FRONT WHEEL Golf Ball Picker and a Golf Ball Washer using a spiralwashing system.

P2 WASHER L

**THIRD GENERATION
OWNERS PROUD
to SERVE THE
GOLF INDUSTRY**

ACCESSORIES

REPLACEMENT PARTS

1980

Added a 5k sq ft back shop to accommodate growing golf line production.

2017

Launched P² Golf Products. Taking our products to straight to the customer for the first time in 35 years.

2021

Due to remarkable growth, we are expanding again.

Stay Tuned!

LOOKING BACK *and* MOVING FORWARD

PRODUCTIVITY
70 *+ years*

As we celebrate these milestones, we thank each of you for your loyalty and supporting us on this incredible journey.

There is value in looking back at the events and experiences we've had to move forward and create a better future.

As we move through 2021 we will continue to adapt and accelerate the company like we have been to ensure we are focusing our efforts and resources to our most strategic priorities - **YOU OUR CUSTOMERS!**

P² PICKER & REPLACEMENT PARTS

P² PICKER (3 section) • Product #P2P3S - **\$2,750**

P² PICKER (5 section) • Product #P2P5S - **\$4,000**

At 9' wide with an 1,800 ball capacity this is the perfect ball picker for any range!

MADE in the U.S.A. from electroplated steel specifically for corrosion prevention and resistance to all outdoor elements. We designed it to be the longest lasting picker on the market today!

POLYCARBONATE DISCS. We designed our discs for the toughest picking and weather conditions! Made from extremely strong polycarbonate plastic for strength and flexibility. Plus, the added protection from our green pigment reflects UV rays helping to extend discs' life.

NO FRONT WHEEL. It allows picker to make sharp turns and maneuver without destruction to range grasses.

P² PICKER (3 section)

GANGS won't TANGLE! Never risk leaving the vehicle to untangle gangs! The P² Picker effortlessly backs away and reverses with ease!

NO WELDING. The 4-piece bolted mainframe was designed to be modular so you only replace damaged parts saving you money.

PLASTIC PICKER BASKET • Product #P2P28 - **\$46**

Lightweight, strong and durable these baskets fit all P² Pickers and a variety of other pickers on the market. Holds 300 Balls.

DOES YOUR PICKER HAVE 12" DISCS? WE CAN PROVIDE REPLACEMENT DISCS & DRUMS FOR MOST COMPARABLE PICKERS ON THE MARKET. GIVE US A CALL AND WE CAN HELP. 1-844-682-2354

P² PICKER PLUS CONVERSION KIT

• Product #P2PP18 - **\$2,400**

Excellent picking performance with 2700 ball capacity.
Best choice for high volume.

P² PICKER PLUS WITH CONVERSION KIT

GANGS won't TANGLE! Never risk leaving the vehicle to untangle gangs! The P² Picker effortlessly backs away and reverses with ease!

P² PICKER PLUS 3 GANG

15' WIDE

MADE in the U.S.A. from electroplated steel specifically for corrosion prevention and resistance to all outdoor elements. We designed it to be the longest lasting picker on the market today!

POLYCARBONATE DISCS. We designed our discs for the toughest picking and weather conditions! Made from extremely strong polycarbonate plastic for strength and flexibility. Plus, the added protection from our green pigment reflects UV rays helping to extend discs' life.

NO FRONT WHEEL. It allows picker to make sharp turns and maneuver without destruction to range grasses.

SPLIT DRUM TURNING SYSTEM.

Combined with our lightweight frame, each 34-disc drum is split into two 17 disc sections allowing picker to provide superior maneuverability on any terrain; Including SNOW!

NO WELDING. The 4-piece bolted mainframe was designed to be modular so you only replace damaged parts saving you money.

ULTRA SUPER TEE MAT

\$390

Made of 100% spring crimped nylon material, the Ultra Super Tee Golf Mat will not fade, bunch, weather or leave marks on your clubs. This golf mat is 2" thick with the 1 and 3/8 inch nylon turf thick bonded to a 5/8 inch thick polyethylene closed cell foam using a specially engineered urethane stabilizing layer. The foam is added for dimensional stability. The best part about the Ultimate Super Tee Golf Mat is that it accepts a wooden golf tee, allowing you to hit different clubs at different heights. No more hitting off a predetermined height of a rubber tee. Rubber tees also give you a different feel because they obstruct your club at impact. Because it allows for wooden tees, our Ultra Super Tee Golf Mat gives you that on the course feel. The dense fiber mat lets you feel the difference on a fat shot because if you go too deep the thick fibers will slow your club head speed, resulting in a fat shot. In practice you will learn to eliminate your false shots. Our competitor's golf mat will spring off the turf into the ball, which will result in false shot. Our mat lets you hit down on the ball for better practice.

MADE IN USA

RUBBER TEES • \$1.00 EACH

4 different sizes

2", 2.25", 2.5", 3.5"

Designed to fill all commercial driving range balls

BALL TRAY • \$45.00 EACH

Capacity 90 balls

SUPER TEE MAT

\$315.00

Made in the USA of high quality, durable nylon turf, the Commercial Driving Range Golf Mat with Foam simulates playing on a well-groomed fairway or tee box. It has a 5/8 inch closed cell foam backing that not only prevents the mat from moving and helps minimize club shock when you drive your club into the mat, but also means the golf mat is waterproof and mold-resistant. It can be used on any surface, including concrete and wood.

MADE IN USA

TEE LINE TURF • \$9.99 PER SQ FT

Perfect surface for artificial turf lines!

1-1/8" pile height

Can be used with wooden tees

5' wide and up to 100' long
