THE RIG II

Back by popular demand, we bring you the Rig II. We took our original Rig and loaded it with upgrades. The new 10mm Glass Collar, compatible with our Spoon and Hammer, provides a superior heat barrier protecting the silicone from misdirected torching, adding years to the life of the Rig. A new heat shield coupled with reinforced chamber walls and an upgraded tool slot for our new 10mm Titanium Carb Cap makes the Rig II the best in its class.
