

Handy Helpful Tips for Prior & Post DIY Green Reaper Applications - Flies

Prior to Application

- If walls & ceilings have dirt build up, clean fully before treatment.
- Clear all floor area of toys, books, cables, mats etc.
- Securely put away any items out on desks, tables etc.
- Put away all foodstuffs, utensils, appliances securely inside cupboards.
- Make sure all window sills are cleared and cleaned prior to treatment.
- Put away toothbrushes, cosmetics etc.
- Remove all pets from the property on the day of treatment and don't allow return until treatment has completely dried. Make sure fish tanks are securely covered and turn off air pump until ventilation process occurs.
- Persons need to vacate property for at least 3-4 hours or until treatment has completely dried.

Post Application

- Persons returning to the property need to immediately open all windows and doors to ventilate property.
- Never allow children, infants, pets or persons onto treated surfaces until completely dry.
- For best results refrain from using any cleaning products on walls, ceilings and window sills for at least 3 months.
