

Handy Helpful Tips for Prior & Post

DIY Green Reaper Applications – Carpet Beetles & Moths

Prior to Application

- Have carpet thoroughly cleaned (professionally if possible) with a thorough pile vacuum. If not professionally:
- Vacuum thoroughly throughout the house (all floor coverings) and destroy dust bag. For vacuums without bags empty immediately after use into a bag tie tightly and secure into a lockable bin. Clean dust holding compartment after emptying.
- Clear all floor area (including vinyl etc) of toys, books, cables etc.
- Remove all clothing from wardrobes & draws and allow to air in the sun if possible.
- Strip all beds in property and launder.
- Put away all foodstuffs, utensils, appliances securely inside cupboards.
- Put away toothbrushes, cosmetics etc.
- Remove all pets from the property on the day of treatment and don't allow return until treatment has completely dried. Make sure fish tanks are securely covered and turn off air pump until ventilation process occurs.
- Persons need to vacate property for at least 3-4 hours or until treatment has completely dried.

Post Application

- Persons returning to the property need to immediately open all windows and doors to ventilate property.
- Never allow children, infants, pets or persons onto treated surfaces until completely dry. If in doubt allow 24 hours from application before anyone goes onto carpets.
