Additional User Supplied Items: Fishing Line/Wire, Hooks or Ceiling Mount Hardware

S2448 Cloud

Velcro Attachment Detail

S2224 Clouds in a studio mixing area

Because of their light weight and velcro receptive qualities, many ClearSonic SORBER baffles can easily be hung from the ceiling as 'clouds'. S2224, S2233, & S2448 are the most common.

(4) 6" sections of Velcro are included and can be used to attach fishing line or other lightweight wire/cable (see photo).

The cloud can then be hung with hooks or other hardware (not included) depending on the construction of your ceiling.
