Kari Gran Radiant Lip Whip Is Juicier Than Ever! + FOTD

May 15, 2014

Kari Gran Lip Whip is back and it's making its radiant entrance with this cool, silver lip brush entourage.

Inspired by this year's PANTONE color Radiant Orchid, Kari Gran's hand poured lip whip is now available in [Radiant](#). Your perfect everyday lip balm + gloss married in the same pot with stunning *fusion of fuchsia, purple, and pink undertones*.

The rosy hue effect on the lips is simply remarkable! I have to say, Kari Gran team has definitely raised the bar on the glossy-juicy factor for Radiant Lip Whip and I'm not complaining!

It makes my lips look brighter and fuller and may I add the rosy shade goes very well with my complexion.

Ingredients: *Organic castor seed oil, organic beeswax, organic sunflower oil, organic camellia seed oil, organic olive, sunflower & calendula oil, mica, titanium dioxide, carmine, tocopherol (non GMO vitamin E from sunflower,) and organic peppermint oil.*

This limited edition shade, which is in peppermint flavor, comes with a retractable lip brush as a set, which is excellent when on the go. The set retails for \$30 (Lip Whip normally costs \$15) with FREE Shipping and will be available while supplies lasts at www.karigran.com

Kari Gran *Tinted Lip Whip* is also reviewed [HERE](#).

If you want radiant looking lips this Spring and a product with all natural or organic and non-GMO ingredients, grab one of this lip whip. You won't be disappointed.
