Skincare May 27, 2015 1 Donah @ SJB

You know that saying *your lips but better*, [Kari Gran's Lip Whips](#) take the cake for that. And if you aren't rocking the Pantone's Color of the Year in your makeup choices yet, their latest lip whip addition [Marsala](#) is about to change that.

Comes in its signature little black pot, Kari Gran Lip Whip in Marsala is a sophisticated rich wine color with just the right amount of shimmer and refreshing kick of peppermint flavor, for a delightful tingly sensation of plumped-up lips. Just like her beautiful sisters in Naked, Tinted, Radiant, Naughty and Nice, Marsala is concocted with Kari Gran's wonderful blend of organic oil, organic beeswax and natural Vitamin E to deliver soothing and moisturizing finishing touch.

I'm your biggest fan of lip whips and have recommended this beauty must-have to friends and family. It's not only for lips, it works well with dry cuticles, dry skin patches, cream blusher substitute (go for Radiant!) and great stuff for taming those brows. Yep, tried and tested!

Kari Gran Lip Whip Marsala gives my lips a fuller, healthier look, thanks to its subtle shimmer and flattering wine-red shade (with noticeable brown undertones) that compliments my skin tone.

I love to apply my Lip Whip throughout the day and as part of my nighttime routine as I believe your lips should receive the extra love it deserves even when you're sleeping.

This limited edition Marsala Lip Whip retails for \$20 (7 ml) and is available [HERE](#) with FREE SHIPPING. Are you a Beauty Insider, a VIB, or VIB Rouge maybe? Rejoice because [Sephora now carries Kari Gran](#), too! Get rewarded with this green beauty purchase!
