The following 6 companies produce excellent lip balms that are free from undesirable chemicals. Some even have recyclable and/or non-plastic packaging!

Lips require extra attention during the cold and windy winter months. Unfortunately, many conventional lip balms are full of chemicals that ultimately do more harm to your body than good, so those are best avoided. Instead, treat your lips to

truly effective protection and luxurious moisturizing with the following all-natural lip balms. An added bonus: your lips will be pucker-ready just in time for Valentine's Day!

2. Kari Gran

Kari Gran makes luscious, thick "lip whips" that feel more like gloss than balm, but serve the same purpose. You can buy it clear or get various tints that range from subtly tinted to dark. They come in convenient refillable glass pots with screw top lids. **Kari Gran Lip Whip, \$15-\$20**
