

ATTENTION:

Please take measurements sitting with leg angled as below. Measurements shall be taken over breeches and boot socks for best fit. *Remember our boots can only be as accurate as your measurements. CM's are on the back of most US measuring tapes.

The diagram shows a leg and foot with various measurement points. On the left side, there are two columns of input boxes labeled 'right' and 'left'. On the right side, there are two columns of input boxes labeled 'left' and 'right'. The diagram includes labels for 'mouth', 'calf', 'measure to 25 cm off the floor', 'measure to 20 cm off the floor', 'ankle', 'trail of the foot', 'in step', 'soles of the feet', 'ankle', '20 cm off the floor', '25 cm off the floor', 'calf's hight', 'back height', 'n° footwear', and 'length in cm'.

right	left	mouth
<input type="text"/>	<input type="text"/>	
<input type="text"/>	<input type="text"/>	calf
<input type="text"/>	<input type="text"/>	measure to 25 cm off the floor
<input type="text"/>	<input type="text"/>	measure to 20 cm off the floor
<input type="text"/>	<input type="text"/>	ankle
<input type="text"/>	<input type="text"/>	trail of the foot
<input type="text"/>	<input type="text"/>	in step
<input type="text"/>	<input type="text"/>	soles of the feet

ankle	20 cm off the floor	25 cm off the floor	calf's hight	back height
