PPA TOUR PRO

The Carvana Professional Pickleball Association (PPA) selected Vulcan as the new supplier of the “Official Ball” of the PPA Tour – debuting at the first pro tour stop of the 2024 season, the Hyundai PPA Masters in Palm Springs.

After extensive engineering analysis and play testing by the PPA and the world’s most elite pro players, Vulcan’s new ball emerged as the clear winner. PPA CEO Connor Pardoe explains:

“The PPA is elated because Vulcan’s ball solution checked all of our boxes. They did their work in the right way, responding to our needs, resulting in an engineering marvel. It is the new elite ball in the sport, which helps our pros play their game in the most competitive and entertaining way possible. It is a great ball for all top-level players where performance and playability come first.”

Dealers can pre order the new Vulcan VPRO FLIGHT Pickleball now, for shipments beginning March 2024. Balls are packaged for retail in 3-Pack Sleeves and 12-Sleeve Case Packs – but dealers are encouraged to buy in Master Packs for the best pricing and shipping economies.

The choice of professionals, because it plays the best.
