GREENCHEF

# STORY OF US

---

Loved and experienced by our  
customers since early 2010

IN THE SPOTLIGHT

The food and beverage may be *creme de la creme*, but the attire of the staff, whether they are front of the house or back of the house may say otherwise. This is the kind of thinking that traverses the mindset of the average consumer. As such, in some ways may account for why some hotels and restaurants lose business, while others proceed to gain more. There are multiple factors that go into the overall dining experience – professional look and feel are among the most important. Seeing an unmet need in the hospitality sector for professional uniform garments, the idea for GreenChef was born, to help professionals of the industry look the part.

100% Cotton

Material 5:  
Linen

Printing Method: Silkscreen Printing

Colour: to your choice

## TIPS!

### - Decide on the drop length

Short (8 inches to 12 inches):  
This gives an informal look and is great for everyday use.

Mid-length (16 inches to 24 inches):  
This length is considered semi-formal.

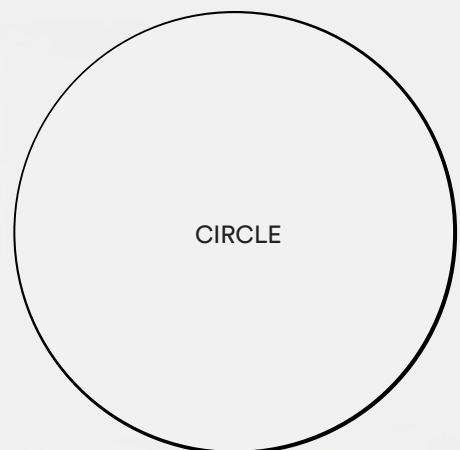

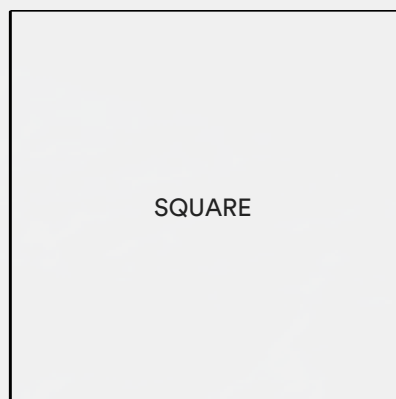

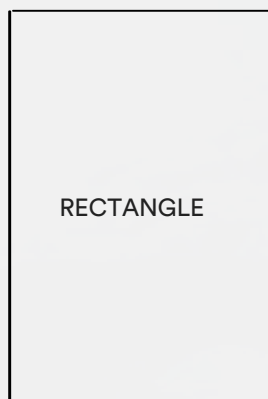

Floor-length (28 inches to 29 inches):  
Very formal look.

### - Decide on the hem

Standard (1/4 inch):  
Used on most of the tablecloth for dining.

Small (1/6 inch):  
For small surface area.

Very Small (1/8 inch):  
For small surface area. Not applicable to thick fabric

# BEABOSS

## Tailor Made Apparels

GreenChef is proud to introduce our new line in 2021, Beaboss, focusing on tailoring and supplying made to measure:

- Dress shirt
- 2 pieces suit
- 3 pieces suit
- Vest
- Blouse
- Dress
- Trousers and skirts
- & more

Custom tailoring and fine workmanship for:

- Corporate
- Banking & Finance
- Guest Relations
- Concierge
- Receptionist

Corporate Services includes:

### Design mockup for businesses

We provide businesses with a digital mockup of the apparel before mass production as we understand that big bulk purchases of custom items can sometimes be daunting.

### On-site measurement & fitting

On-site measurement is available if you have more than 5 pax for measurement. We will always cater to your company's schedule. Our tailors are always ready for on-site measurement up to 200 pax per day.

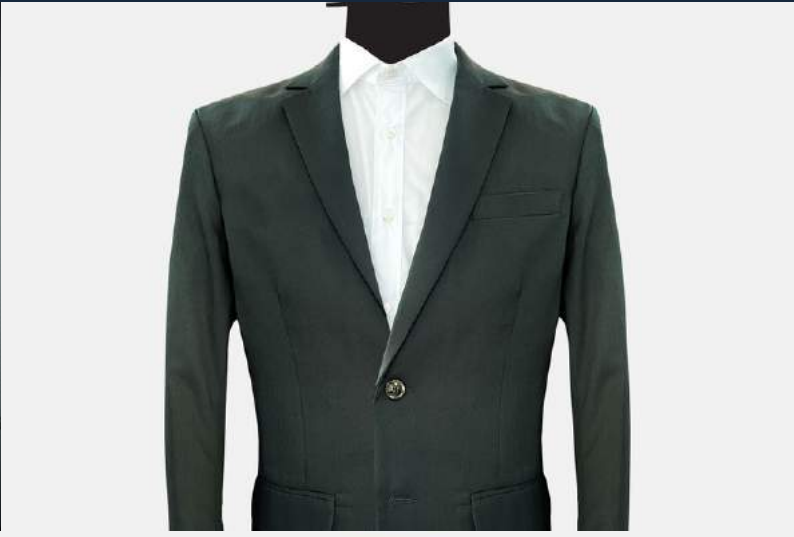

For more information:

# Protect and Prevent.

A large industrial embroidery machine with multiple heads stitching a blue fabric. The machine is grey and white, with several heads visible, each with a needle and foot. The fabric is blue and has some white stitching on it. The machine is in a factory setting.

# Customisation Services

# Embroidery

## 1. LOGO EMBROIDERY

An embroidery looks crisp, distinct, and professional. It's precise with near-perfect quality, which is why it's the must-have imprint method to some of the fancy and elite. In addition, an embroidery can last a long time with right care of the garment - embroidery thread doesn't wash or fade out. An embroidery has a longer lifespan than ink transfer in screen printing as the thread holds up the fabric.

No minimum order. Setup fee is necessary for first-timers.
