

Header / Shoulder Plugs JRRT27FFP

Application

Spare plugs and gaskets may be required to replace originals during routine maintenance or used to plug leaking tubes. These plugs are made for plug type header boxes in air cooled heat exchangers / fin fan air coolers.

Available sizes

Plugs are available in a wide range of sizes. Below is a chart of our standard, most common sizes. Other varying sizes and custom sizes are available upon request – do not hesitate to contact us.

Plug Diameter	Standard UNF	Length Under Head	Hex Size	Part Number	Gasket Number
3/4"	16	5/8"	1"	JRRT27FFP3458	T27-G6
		3/4"		JRRT27FFP3434	
		7/8"		JRRT27FFP3478	
		1"		JRRT27FFP341	
		1-1/4"		JRRT27FFP34114	
7/8"	14	7/8"	1-1/8"	JRRT27FFP7878	T27-G7
		1"		JRRT27FFP781	
1-1/8"	12	3/4"	1-3/8"	JRRT27FFP11834	T27-G9
		7/8"		JRRT27FFP11878	
		1"		JRRT27FFP1181	
		1-1/8"		JRRT27FFP118118	
		1-1/4"		JRRT27FFP118114	
		1-3/8"		JRRT27FFP118138	
		1-1/2"		JRRT27FFP118112	
		1-5/8"		JRRT27FFP118158	
		1-3/4"		JRRT27FFP118134	
		2"		JRRT27FFP1182

Header / Shoulder Plugs JRRT27FFP

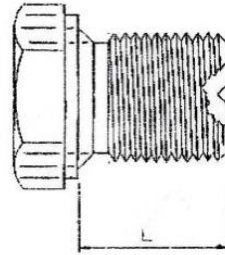

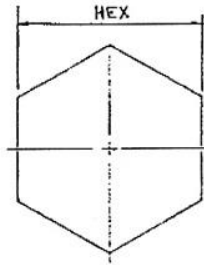

Specifications

- Header plugs are made of SA105, a material allowed by the pressure design code.
- Plugs of other materials such as stainless steel, titanium, and brass can be manufactured upon request.
- Header plugs are zinc plated, however, they can be supplied un-plated.
- Gaskets are made of soft iron and are 1/16" thick.
- Special thicknesses and materials are available for gaskets.

When Ordering

When ordering please specify the following:

- Plug diameter
- Length under head
- UNF – threads per inch
- Quantity needed
- Special requests

Length under head offered (L)

5/8"	1-5/8"
3/4"	1-3/4"
7/8"	2"
1"	2-1/4"
1-1/8"	2-1/2"
1-1/4"	2-3/4"
1-3/8"	3"
1-1/2"
