

NITEX™ eLED® CPO

The Class 1 Div 2 certified Nitex® eLED® Rechargeable flashlight is the smallest and brightest in its class. The fully adjustable clip allows for pin point positioning of the light beam for optimal performance. It is the only helmet mounting clip that allows the user to easily remove the light for use as a handheld flashlight, for close-up or inspection work. At 4.4 inches it is remarkably lightweight, yet fully loaded with every imaginable feature.

NITEX Helmet Clip

Drop In Charger

12VDC USB Charger

Traffic Wand Belt Pouch

FEATURES

- Proprietary Compound Path Optics (CPO) permits high efficiency and compact size
- Thermal Recovery System recycles heat from the LED to warm batteries for improved performance in low temperatures
- Beam pulses briefly to indicate low battery level
- Waterproof design for all weather use
- Beam produces a bright spot with almost no peripheral light so nearby personnel are not affected
- Large push button switch works with heavy gloves
- Powered by a rechargeable lithium ion battery (in an emergency, light can be powered with 2 lithium CR123 cells)
- Light is recharged with drop in stand in less than 4 hours
- Charger base has adjustable retention lock
- 12 VDC adapter available for charger stand
- UK helmet mouting clips easily attach the light to any hard hat or fire helmet
- High impact ABS, LEXAN®, polyurethane rubber and aluminum construction for durability
- Limited Lifetime Warranty
- Proudly Made in USA
