

vizion[®] HELMET MOUNT

A Hands-Free Lighting Solution

Get rid of the ugly rubber strap that comes with your headlamp!

Unlike a rubber strap headlamp, our new helmet mounted headlamp is firmly and securely attached for years of use.

Headlamp Snaps In & Out Of Mount

- Remove headlamp when not in use to keep helmet light weight & reduce fatigue
- When batteries run low, swap in a backup headlamp - Great for HAZLOC

Conforms To Any Hard Hat Style

Flexible Anchor Design applies easily to any helmet

One-Handed Release

Textured tab makes it easy to remove the light from the mount with one hand
