OUR STORY

“Founded by James Cadbury, the great-great-great grandson John Cadbury, we create exceptional chocolate in an exceptional way. We drive positive change, we craft ethically, and we only use the world's finest cacao.”

WHY CHOOSE LOVE COCOA?

PEOPLE

We source all our cocoa ethically from growers who farm fairly and pay their workers properly. There's no great chocolate without great people behind it.

PLANET

We protect nature: no unnecessary plastic, no palm oil, no cruelty. We're combatting the deforestation and environmental damage caused by unsustainable cocoa farming by planting trees, pledging 1% of our annual sales to the planet and by paving the way for change in the chocolate industry.

B CORP

Love Cocoa has always been committed to meeting high standards of social and environmental impact, creating chocolate that is loved by people and planet alike, and it is incredibly exciting to join a global community of people using business as a force for good.

1% FOR THE PLANET

As our journey towards driving positive change within the chocolate industry continues, we're thrilled to be joining 1% for the Planet, an international organisation dedicated to addressing and mitigating environmental issues by harnessing the collective power of businesses and individuals.

PASSION

We craft with pride and care using the world's finest cacao from top cocoa suppliers globally. Our flavours are diligently designed to enhance the natural aromas of the cocoa and we are dedicated to discovering new, exciting and delicious flavour combinations.

LOVE COCOA'S HAPPY CUSTOMERS

We've worked with a large number of corporate companies, sending chocolate gifts from 20 to 10,000 happy recipients.
