klean  kanteen®

2020 CO-BRAND  
COLLECTION

# Custom Solutions

We are here to help you promote your brand with durable, beautiful products — and a commitment to sustainability and health. We collaborate with great companies like yours to reduce single-use containers and help make the world a better (cleaner) place.

## Why partner with Klean Kanteen?

### Brand exposure

Using our custom solutions gets your brand in front of the right audience outside of your shop while helping to reduce single-use cups and plastic.

### Stock your shop

Klean Kanteen Bottles and Tumblers make great revenue generating additions to your bricks and mortar shop as well as your e-commerce site.

### Reduce single-use waste

Create a program offering discounts when a customer uses your custom branded Klean solution. More exposure for your brand, less plastic in the equation!

### Fundraising tools

A reusable Klean solution can be the perfect fundraising incentive gift. We have options at all price levels ready to be custom branded for your audience.

### Non-profit events

Make your event zero waste while giving your guests a branded keepsake that will be used for years to come.

### Employee and client gifts

Create useful and environmentally friendly custom branded gifts for employees and clients.

SPOTLIGHT ON

# Corporate

ELLA'S KITCHEN

“

As a fellow B-Corp brand, we were really excited to work with Klean Kanteen to produce some co-branded reusable water bottles to keep our staff happy and hydrated whilst also helping the environment. Our dream is to make sure we do business in the right way, sustainably and ethically. We feel Klean Kanteen shares the same values, so choosing Klean Kanteen UK to supply co-branded, high quality, stainless steel reusable water bottles was an easy choice. We are very happy with our bottles and the service provided by Klean Kanteen in the UK to make beautiful Ella's Kitchen bottles.

”

SPOTLIGHT ON

# Gyms/Yoga Studios

PSYCLE

“

As a brand that's passionate about making sustainable choices, we love our co-branded stainless steel Klean Kanteen bottles. They're fantastic quality, perfect for keeping us hydrated and help our community to limit their consumption of single-use plastics.

”

SPOTLIGHT ON

# Coffee Shops

ESTABLISHED COFFEE

“

Klean Kanteen were our logical choice for reusable cups. Their stylish design worked well with our brand. We love how durable they are and the fact that they retain heat for hours!

”

SPOTLIGHT ON

# Charities

FRANK WATER

“

There are lots of reasons why we love working with Klean Kanteen UK.

In 2014, Klean Kanteen UK chose FRANK Water to be their 1% for the Planet partner, donating 1% of their UK turnover to fund safe water, sanitation and hygiene for some of the poorest people on the planet. Since then, their support has helped us provide access to clean drinking water, toilets and hygiene training to 156,157 people in India & Nepal.

Not only that, they produce the beautiful co-branded, ethically sourced bottles, flasks and cups that we sell to raise funds for our work overseas and to encourage consumers to refill and reuse.

And they support our UK mission - encouraging people to change their behaviour and ditch products and practices that negatively impact global water

resources. Since day one, Klean Kanteen UK have supported FRANK Water's Festival Refill Service, helping reduce plastic waste and recycling at festivals and events around the country. Summer 2019 saw 182 volunteers serve more than 169,000 refills of chilled, filtered water at 15 UK music festivals, potentially saving the same number of single-use plastic bottles from being sent to landfill or recycling.

”

Registered charity no. 1121273

SPOTLIGHT ON

# Education

FALCONS SCHOOL FOR BOYS

“

At the beginning of the academic year, the boys selected a charity to support. The one area that the majority of boys were clearly passionate about was clearing the seas of plastic pollution and saving the lives of many marine animals as a result.

One of the measures the boys were keen to adopt was reusable stainless-steel water bottles that would be a long-term solution to cut down on single-use plastic options. Klean Kanteen, a family-owned B Corporation with a commitment to lowering the use of single-use plastic, and the first company to bring a non-toxic alternative to single-use plastic bottles to the market, stood out as the best brand for the job. We were delighted that Klean Kanteen agreed to co-brand their bottles and allow our boys to uphold their commitment to lowering the amount of single-use plastic in their daily lives.

”

SPOTLIGHT ON

# Local Business

KIDUNK  
LISA JOYCE, DESIGNER & CO-FOUNDER

“

Klean Kanteen are one of our favourite product brands, we share their values and aspirations so it made perfect sense to collaborate with them. The product development process itself was a doddle and couldn't have been more straight forward. A real success story for us and we're looking forward to working together again soon!

”

# Print Capabilities

## Artwork

Artwork should be supplied in either of the following formats;

 A vectored .ai (Adobe Illustrator)

 A vectored .eps (Encapsulated Postscript) format

Vector images are not resolution dependent, which is why we encourage their use wherever possible. For example if your logo is a vector graphic, it can be resized to almost any size without the quality deteriorating.

Vector artwork close up

Rasterised artwork close up

**Please note:** A vector containing embedded bitmaps is not a true vector and therefore cannot be used. We cannot print rasterised artwork: jpg, gif, tiff, psd or png.

Artwork must be a solid colour, without gradients.

Don't have a vector file? No worries, send us the largest resolution file you have and we will have it vectorised. Fees will apply.

## Text

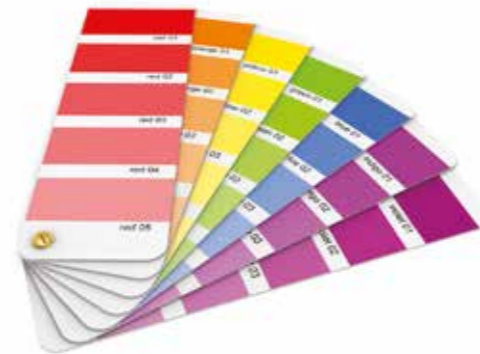

- All text must be converted to curves / paths
- All outlines must be converted to objects / paths
- All objects / paths must be combined and not grouped
- White geometry cannot be used as a mask to hide any parts of the design
- Overlapping geometries must be welded to form one path

## Positioning

Please provide clear detailed information on positioning and orientation required.

## Pantone colours

To enable us to replicate your artwork accurately, please let us know the Pantone colour you require.

# Screen Printing

## Screen printing specs

### Artwork

A vertical break of 20mm is needed in all artwork. The Klean Kanteen logo will have to be positioned on the bottle and we will match the Pantone to your custom artwork.

### Minimum order quantity - lead time (UK)

For artwork required in one colour only

**All products:** 50 units

Discounts available on orders over 250 units

**Lead time:** 2-3 weeks from final approval of artwork

**Shipping:** Calculated on weight & dimension of an order

### Minimum order quantity - lead time (USA)

For artwork required in two or more colours

**Insulated TK Wide:** 96 units

# Let's Be Partners

We love your brand—and ours! Every Co-Brand product proudly carries the Klean Kanteen logo on the back.

# Commitment to sustainability through technology

## Klean Coat®

A new standard in durability and safety for people and the planet. We're proud to introduce a chip-resistant, durable Klean Coat finish that is designed with care to stand up to your inspired life.

## Safe healthy materials

All our vessels are made from 18/8 (food grade) stainless steel. Our gaskets and O-rings are food-grade silicone. Our Sport, Loop and Café Caps are made with BPA-free polypropylene #5.

We use corrugated cardboard to insulate our Food Canister Lids. It's our commitment to health, sustainability... and taking ice cream on a picnic.

## Climate Lock® Vacuum Insulation

Our insulated products come in all shapes and sizes—from our 8oz Tumbler to our 64oz Insulated TKWide—to help you keep a variety of hot drinks hot and cold drinks cold. We use double-wall vacuum insulation and innovative cap designs to achieve excellent thermal performance, all with environmentally friendly and responsible materials. In fact, our 64oz Insulated TKWide keeps drinks hot for 38 hours and iced for 135 (that's more than five days). We'd say it's a win win.

# Reflect

The Reflect bottle is made of three materials: sustainably harvested bamboo, stainless steel and food-grade silicone. No paint. No plastic. Just a deliberate design that embodies our mission to change the way that people think and drink. Who says you can't have style and function?

## Features

- Steel, silicone and sustainable bamboo construction
- Laser-etched logo treatment
- 18/8 food-grade stainless steel
- Won't retain or impart flavours
- Opening fits ice, fills and pours easily
- Cap creates all-stainless interior
- Climate Lock® double-wall vacuum insulation keeps contents cold or iced for hours (Insulated Reflect only)

# Co-Branding Terms and Conditions

These Terms and Conditions are designed to provide you with a detailed understanding of the working processes, trading terms and conditions for Co-Branded Klean Kanteen. This will protect the interests of all parties and ensure that we are able to provide you with the highest possible level of service.

1. All prices are as per our current price list or, where appropriate, as advised under specific separate written quotation or contract.
2. All prices are in £ Sterling excl. VAT.
3. Orders supplied on a pro-forma basis will not be processed until receipt and clearance of full payment.
4. Payment of 50% of the total order is required for approved credit accounts at the time an order is placed. The remaining 50% is required on standard credit terms.
5. We do not accept any cancellations or returns of an order.
6. Minimum order quantity is 50 pieces for UK supplied orders, 90-108 pcs for US orders and 3,000 - 3,024 for factory direct orders.
7. All artwork must be supplied in the specified format.
8. Accurate quotes are dependant on sight of artwork.
9. The client is responsible for verifying the quality and accuracy of the supplied electronic artwork.
10. Up to three electronic artwork mock ups will be provided free of charge, further proofs will be chargeable, cost dependent on complexity. We encourage customers to provide an accurate description of where they want the artwork positioned and what size, to reduce the number of proofs required.
11. Where artwork cannot be supplied in the specified format, fees will apply. These will be discussed with the customer at the time.

12. Standard lead-time for UK supplied orders is around 2-3 weeks from receipt of approved artwork. Lead time for factory direct orders will be advised prior to a formal order being received.

13. Clients should be aware that it may not be possible to accurately replicate very fine detail. There may be some slight batch variation between bottles.

14. We require a minimum of 5 days' notice prior to despatch of any change of address, which must be confirmed by email.

15. We do not accept liability for late delivery where production is delayed whilst waiting for artwork, approval or clearance of payment. In some circumstances a delayed response from the client may necessitate upgrading the job to an Express Service, in which event additional charges will apply.

16. We send the bottles directly from our printers and have therefore not been inspected by us. Please contact us within 24 hours on receipt of your delivery if there are any issues with your order.

17. All claims for damaged goods during transit, short or incorrect delivery must be notified in writing and received by Whitby and Co within seven days of despatch. Claims received after this time will not be accepted.

18. If a Co-Branded product becomes defective, this can be returned to us under the normal warranty procedure. If the bottle is replaced, it will be replaced with a plain retail bottle.

19. We try to support and promote as much of our Co-Brand work as possible via Klean Kanteen social media channels. Please let us know if for any reason you do not want us to promote or mention your Klean Kanteen Co-Brand activity.
