

StoryBox Magazine

Publisher: Bayard
Tel: +852 3753 8498
Web: www.bayard-magazines.co.uk
Price: £4.25 per issue/£45 per year
Age range: 3-6 years

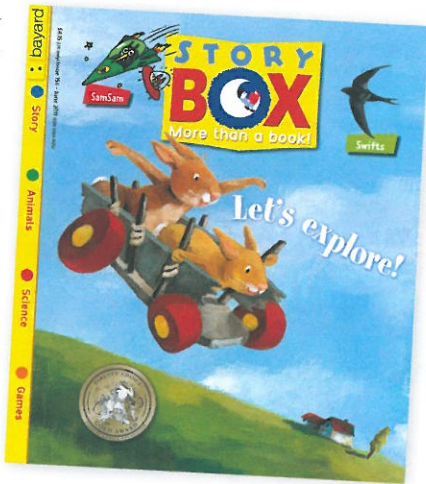

Description: StoryBox is a high quality, educational and fun magazine for young children and their parents. Each issue contains a beautifully illustrated story, pages about science and nature, poems, games and comic strips - all in a single magazine! It is perfect for story telling sessions.

Score: 91.4%

ISBN: 1366-901x

What the testers said:

"This was colourful and interesting to the children, acting as a magazine and storybook in one. It contained lots of interesting information relevant to many curriculum areas. The older children loved the cartoons, with the five-year-old loving the puzzle. The product contained lots of text types and was great for story-telling with 3-4 year olds."

My Alphabet Storybooks

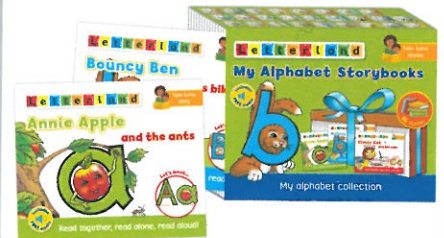

Publisher: Letterland International
Tel: 01223 262675
Web: www.letterland.com
Price: £79.99
Age range: 3+ years

Description: New series of 26 imaginative stories with downloadable audio support. These carefully designed stories also allow you to share the reading experience with levelled sections for your child to read with minimal support and are packaged in a neat storage box.

Score: 86.2%

ISBN: 9781862098619

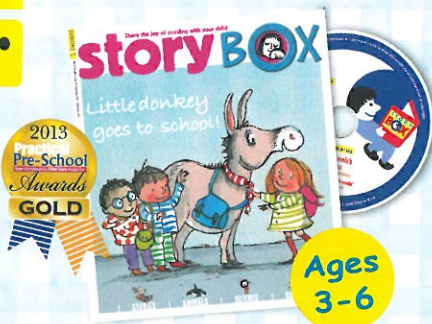

What the testers said: "Our nursery children enjoyed looking at the books independently, and played games to see who could spot and name a letter and its sound first. I love the download feature as it makes listening to stories portable and supports creativity. It is suitable for nursery but would be more widely accessed in a reception classroom where more able children could use the word banks and read the simple sentences independently."

Bayard Children's Magazines:

An award-winning range of high-quality, educational and fun magazines that get kids hooked on reading!

We believe that it is vital for children to get support at home with their learning and especially with their reading. Our range of three high-quality magazines combine facts, fiction and fun in a unique way. They are tailored to each age group and are produced with an eye on the National Literacy Strategy. They are proven to be successful in helping children in their reading and reasoning skills, as well as broadening their horizons and giving them a better understanding of the world we live in.
