

Material Safety Data Sheet

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

MSDS Name : Black Eyelash Glue (Bombshell Lash Adhesive)

Supplier Name : Lash Bomb, L.L.C.

Supplier Address : LASHBOMB

256 East 10th Drive

Mesa, AZ 85210

United States

Supplier Phone : 1-801-701-7196

Supplier Email : info@lashbomb.com

SECTION 2 – COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Name	CAS-No	Weight %
Ethyl Cyanoacetate	105-56-6	>60%
Cyanoacrylate	7085-85-0	20%
Poly Alkyl Methacrylate	9011-14-7	10%
Polyisocyanate	9016-87-9	3.5%
Carbon Black / D&C Black No. 2	1333-86-4	>5%
Water	7732-18-5	>1%
N-Methyl-2-pyrrolidone	872-50-4	>0.5%

SECTION 3 – HAZARDS IDENTIFICATION

This product is a colored, solvent-borne cyano methacrylate.

Inhalation : Vapor can cause headache, nausea, and irritation of the nose, throat, and lungs.

Eye : Contact with vapor or liquid may irritate the eyes.

Skin : Slightly irritating to the skin.

Ingestion : May cause pain, nausea, and vomiting.

SECTION 4 – FIRST AID MEASURES

Inhalation : Move the victim to fresh air and provide oxygen if breathing is difficult, and give artificial respiration if not breathing. Seek medical attention immediately.

Eye Contact : Immediately flush eyes with running water for at least 15 minutes. If redness, itching, or a burning sensation develops, seek medical attention.

Skin Contact : Remove contaminated clothing and shoes, and wipe off excess material from the skin. Wash the exposed area with soap and water. If redness, itching, or burning sensations develop, seek medical attention.

Ingestion : Seek medical attention immediately.

Note to Physicians : None for this material.

SECTION 5 – FIRE-FIGHTING MEASURES

Extinguishing Media : Use dry chemical, carbon dioxide, foam, or spray as appropriate for the surrounding fire.

Fire-Fighting Instructions : Do not enter enclosed or confined fire areas without full-protective equipment, including a self-contained breathing apparatus, to prevent exposure to combustion product hazards and oxygen deficiency.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Small Spills : Contain and absorb the spill with an inert material like sand, then remove all liquid using a vacuum system. If liquid cannot be removed, begin absorbing it with sand, sawdust, or a commercial absorbent, and scoop up the material to place in containers for proper disposal. Prevent spills and cleaning runoff from entering municipal sewers and open bodies of water. Decontaminate all clothing and the spill area using detergent and large amounts of water.

Large Spills : Use same procedure as small spills.

SECTION 7 – HANDLING AND STORAGE

Handling Precautions : Avoid skin or eye contact. Avoid prolonged or repeated inhalation of vapors and mists. If spilled on clothing, launder before reuse. Do not take internally. Use only in a well-ventilated area. Keep out of reach of children.

Storage Requirements : Keep from freezing; product will coagulate. Keep container tightly closed when not in use. Do not get in eyes, on skin, or on clothing. Monomer vapors can be released when the material is heated. Containers, even those that have been emptied, will retain product residue and vapors and are subject to proper waste disposal, as specified in Section 6.

SECTION 8 – EXPOSURE CONTROL / PERSONAL PROTECTION

Protective Clothing/Equipment : The use of gloves impermeable to the material being handled is recommended to prevent skin contact and potential irritation. Wear chemical goggles in cases where splashing may occur.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Physical State : Liquid

pH Level : N/A

Water Solubility : N/A

Boiling Point : 100°C

SECTION 10 – STABILITY AND REACTIVITY

Hazardous Decomposition Products : Thermal decomposition may yield acrylic monomer, carbon monoxide and carbon dioxide. Unidentified organic compounds within fumes and smoke may form during combustion.

SECTION 11 – TOXICOLOGICAL INFORMATION

Toxicity : Skin contact may cause burns. The product may bond rapidly and strongly to skin and is a skin and eye irritant.

Routes of Entry : Inhalation, Skin Contact, Ingestion

Carcinogen, etc. : N/A

SECTION 12 – ECOLOGICAL INFORMATION

No data available.

SECTION 13 – DISPOSAL CONSIDERATION

Disposal : Dispose of unused or contaminated product and materials used in spill or leak cleanup in a manner approved for the material. Consult appropriate federal, state, and local regulatory agencies to determine proper disposal procedures.

SECTION 14 – TRANSPORT INFORMATION

IATA : Not restricted

CLASS : Unlisted

UN Number : Unlisted

SECTION 15 – REGULATORY INFORMATION

CA Proposition 65 : This product does not contain chemicals listed under California's Proposition 65 as known to cause cancer, birth defects, or reproductive harm.

SECTION 16 – OTHER INFORMATION

To the best of our knowledge, the information provided is accurate. However, Lash Bomb, L.L.C. and its subsidiaries disclaim all liability (express or implied) for the accuracy or completeness of the information contained herein. All materials may present unknown hazards.
