

GOOD MADE BETTER™
MAGNIFY THE DELIGHTS OF LIFE

SCALE CHECK:
this logo should
be the size of a quarter,
or 15/16" in diameter

SIZING GUIDE

Disclaimer

This guide is intended to help determine proper pen sizing for the Penwell and Solo Pen Stand products. Due to the wide variety of pen and clip shapes and sizes, understand your pen may fit differently in the actual products than it does on this guide.

How to Use

1. Print this guide, check the scale above, and lay your pen over the diagrams to check for best fit.
2. For a given product, the **STANDARD** foam insert is on the left, the **XL** foam insert is on the right.
3. For proper fit, the cap should be **LARGER** than the **MIN** width, and **SMALLER** than the **MAX** width.
4. Whether clip or clipless, the cap body should fit within the solid lines.
5. Clips may extend past the solid line but should fit within the clip zone.

The right and the wrong way to size your pen
