Working at Heights Training (VOC Refresher RIIWHS204E)

COURSE OVERVIEW:

This is Work Safely at Heights Refresher / Verification of Competency (VOC) Training. There are a large number of risks and dangers for anybody working at heights. This course has been designed to give you an understanding of these risks and the system in place to help keep you safe. This course is designed for those who are required to work at heights as part of their role. The aim of the course is to give you a safe working philosophy for when you need to perform work at heights.

This course delivers the theoretical component of RIIWHS204D and the latest RIIWHS204E Work safely at heights and will provide you with information about:

1. the legal requirements for working safely at heights and where you can find out more about them
2. how to select, use and maintain fall protective and rescue equipment
3. the process and procedures to follow to ensure you minimise risk, and
4. how to plan for emergency situations

THIS IS NOT A NATIONALLY RECOGNISED COURSE - ONLY TO BE USED FOR REFRESHER PURPOSES IF YOU HAVE PREVIOUSLY ACHIEVED A STATEMENT OF ATTAINMENT in RIIWHS204D or RIIWHS204E.

QUALIFICATION:

A Verification of Competency is issued on successful completion. Digital ID Card issued. RTO 91826

PRE-REQUISITES:

Industry currency. Must hold previous Statement of Attainment achieved face to face.

DURATION:

Online (Self-paced)

JURISDICTIONS:

Delivered Australia-wide.

Confined Space Training (VOC Refresher RIIWHS202E)

COURSE OVERVIEW:

Welcome to the Confined Space Verification of Competency (VOC) Training. This course will give you an understanding of the hazards associated with confined spaces, and the processes and equipment you should use to keep safe when entering and working in those spaces.

This course will provide you with information about:

1. the legal requirement for confined space entry
2. what confined spaces are and why people enter them
3. entry permits
4. hazards associated with confined space entry
5. methods of controlling confined space hazards
6. emergency response procedures, and
7. the different types of personal protective equipment that can be used when working in confined spaces

ALTHOUGH BASED ON THE ELEMENTS, THIS IS NOT A NATIONALLY RECOGNISED COURSE. THIS VOC COURSE CAN ONLY TO BE USED FOR REFRESHER PURPOSES IF YOU HAVE PREVIOUSLY ACHIEVED A STATEMENT OF ATTAINMENT.

QUALIFICATION:

A Verification of Competency is issued on successful completion. Digital ID Card issued. RTO 91826

PRE-REQUISITES:

VERIFICATION OF COMPETENCY

This is a statement that

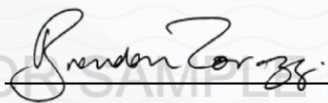

John R. Citizen

Has completed

**Working Safely at Heights Training
(VOC Refresher RIIWHS204E)**

Issue Date: 24/06/2022

Refresher due: 24/06/2024

Brendan Torazzi - AlertForce Director

3173800003

Certificate No.

A Certificate of Completion is issued by AlertForce when an individual completes the theory element(s) of the above course and achieves a mark of 80% or higher.

A digital Verification of Competency (VOC) wallet card is issued once ID and past training is verified by an assessor. The VOC card is what should be presented as evidence.
