

SHIN GUARD CUSTOMISATION INSTRUCTIONS

STEP 1

(A) You will need the following materials

Tape-measure

Scissors

Smartphone
or digital camera

Marker

(B) Print and cut out the sizes listed in this document's last pages

(C) Choose your favourite size or use the one recommended for your height

		Size / Tamanho / Taille / Talla			
		S	M	L	XL
	(cm)	120 - 140	141 - 160	161 - 180	181 - 200
	(feet)	3'11" - 4'6"	4'7" - 5'2"	5'3" - 5'10"	5'11" - 6'7"

**Recommended sizes
according to height**

SHIN GUARD CUSTOMISATION INSTRUCTIONS STEP 2

(A) Place the selected size over the desired position over your legs

Choose the exact position over your legs where you will use the shin guards

(B) Measure your leg perimeters in the upper and lower positions on your legs

Please measure and record the upper and lower perimeters in cm.

SHIN GUARD CUSTOMISATION INSTRUCTIONS

STEP 3

(A) Draw a horizontal line on your right and left legs in the same position where you measured the upper and lower perimeters

Use the marker to draw the horizontal lines.

(B) Take photos of both your legs in the angles illustrated in the following diagrams:

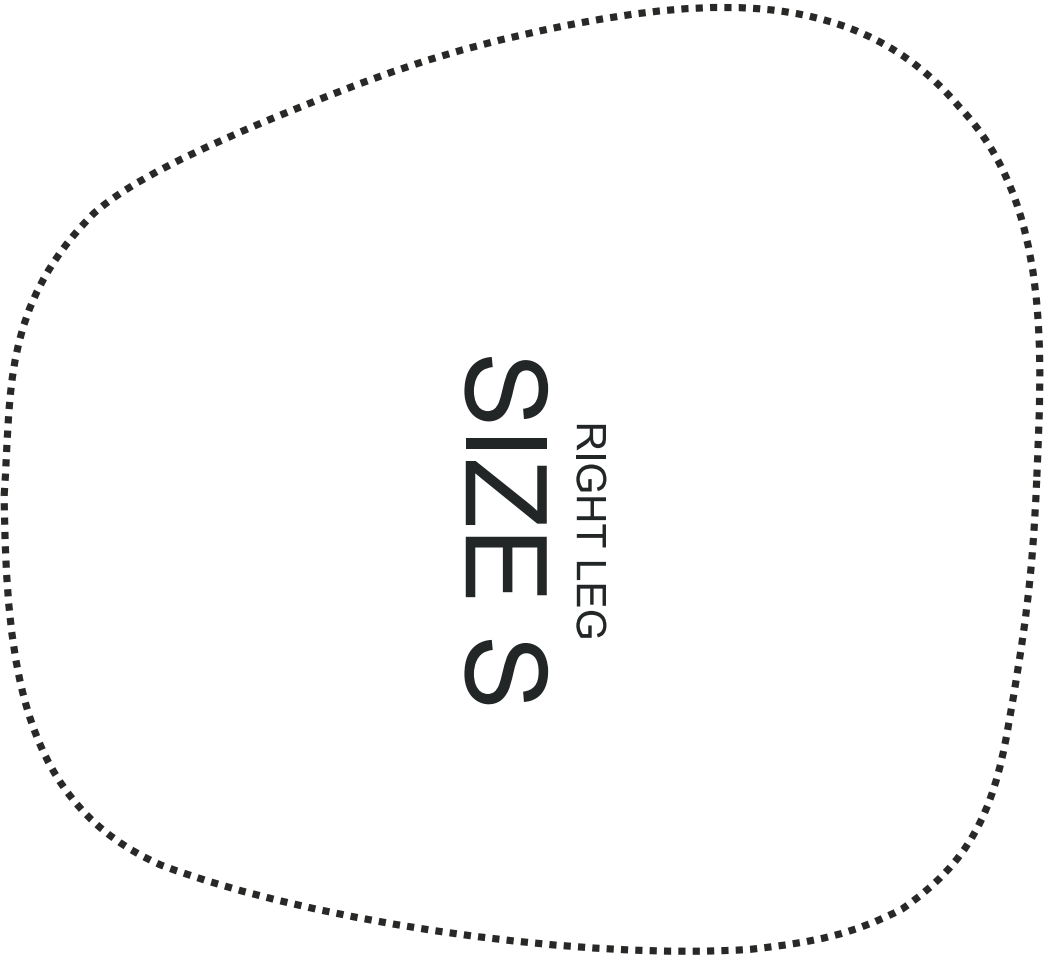

SHIN GUARD CUSTOMISATION INSTRUCTIONS STEP 4
