High-End Saffiano PU Leather Detail

The Saffiano style was developed by luxury handbag makers to give the leather surface a crosshatched texture, combining style, and durability. This premium material is also easy to clean, providing convenience and peace of mind.

BONUS BACK & FOOT PADS

Back Pad

Foot Pads

Maximize your comfort with our massage chair's bonus back and foot pads. These 3/4-inch-thick soft pads provide extra cushioning and allow you to customize the massage intensity to your preference.

QUALITY HEALTH PRODUCTS SINCE 1982

THE ULTIMATE MASSAGE CHAIR EXPERIENCE

48 Airbags Total-Body Airbag Massage

48 powerful airbags rhythmically inflate and deflate, enveloping your body in a blissful massage experience. Treat yourself to the deluxe compression leg and foot massage for ultimate relaxation.

A Chair Made for Everyone

Adjustable Shoulders

Named after the mythical winged stallion, the Pegasus Hybrid expands its "wings" to accommodate users of all sizes. **The width ranges from 26 to 32 inches, catering to individuals with a larger stature.**

Therapeutic Heat

Enjoy soothing relief with the therapeutic heat function targeting the lumbar region. Select from **3 heat levels** for personalized comfort.

Leg Extension

The leg unit **extends an extra 4.7 inches**, accommodating taller individuals.

Bluetooth Wireless Speakers

Connect to your music player via Bluetooth and add the benefit of **music therapy or guided meditation to your massage.**

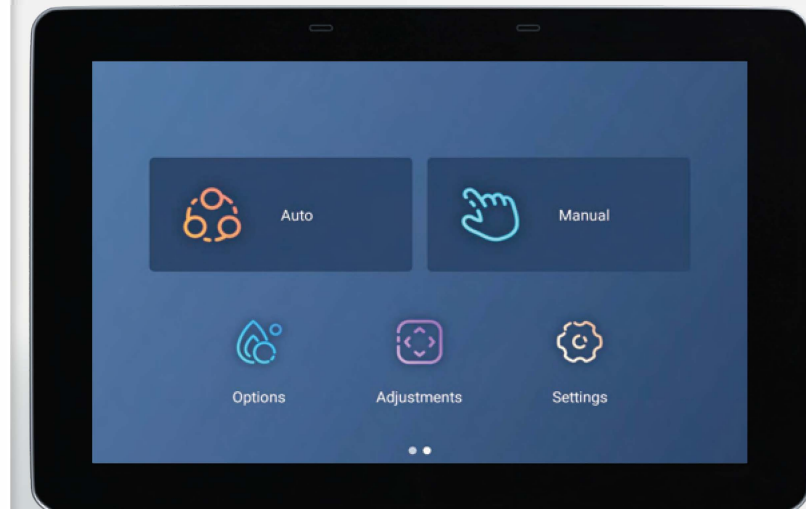

3.15" Wall Hugger

The innovative wall hugger design uses a pivot-base system that only requires 3.15 inches between the chair and the wall while maintaining the ability to fully recline.

Upgraded Controllers

Touchscreen Controller

The chair is equipped with a cutting-edge touchscreen controller conveniently mounted within reach. **With its dynamic display, navigating the 24 auto programs and six manual modes has never been easier.** Experience a new level of accessibility and control over your massage preferences.

Quick Access Arm Console

Experience the convenience of making quick and easy adjustments to your massage with **just one touch of the armrest console.** Our massage chair is designed to provide seamless control at your fingertips. Additionally, take advantage of the built-in USB and Qi charging ports, allowing you to keep your phone charging while still having it close by for easy access.

INNOVATION THAT FITS YOUR DECOR

EXTENDED-REACH SL-TRACK

Massages that go the distance

Experience the benefits of an extra-long L-shaped and S-shaped massage track that perfectly follows the contours of your spine. This track extends from the top of your shoulders to the glutes, **providing a length that is twice that of a standard massage chair while maintaining the natural curvature of your spine.**

Standard Track

Pegasus Hybrid SL-Track

Shiatsu Wave™ Complete Calf Massage

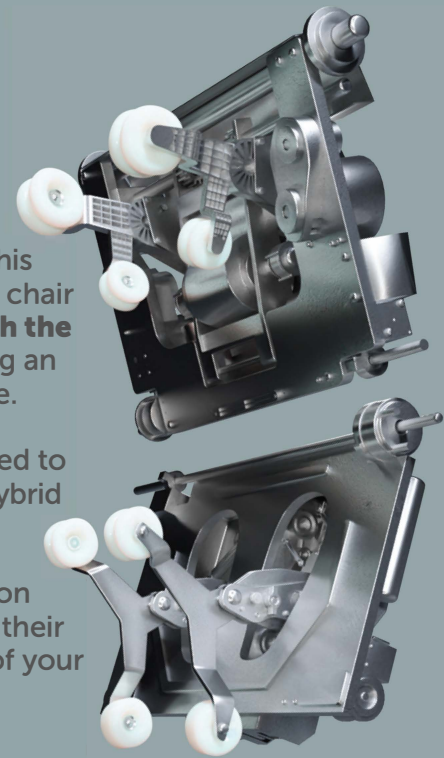

The Shiatsu rollers and airbags work together seamlessly. The Shiatsu rollers deliver a personalized massage while the airbags rhythmically expand and contract. Moreover, the airbags now move in a wave-like motion! This innovative feature offers a **comprehensive calf massage, the Shiatsu Wave**, specifically designed to revitalize tired calf muscles.

8 Multi-Track Rollers

Discover the extraordinary massage capabilities of the Pegasus Hybrid, equipped with a unique 8 multi-track rollers system. Unlike standard chairs, this advanced technology allows the chair to **simultaneously focus on both the upper and lower body**, providing an unparalleled massage experience.

With 4 additional rollers compared to traditional chairs, the Pegasus Hybrid ensures the user an enhanced massage session. Prepare to indulge in a new level of relaxation as the 8 multi-track rollers work their magic, targeting multiple areas of your body with precision and care

Shiatsu Leg Rollers

The Shiatsu rollers expertly knead and massage the muscles in the back of your calves. This targeted approach provides a personalized massage experience, relieving tension and revitalizing your legs.

Gravity Defying Massage Zero Gravity

The Zero Gravity position shifts the recline angle and evenly distributes your body weight, relieving pressure on joints and organs. Prepare for a remarkable floating sensation that induces immediate relaxation and helps reduce chronic pain over time.

Position 1

Experience a weightless sensation and find relief from muscle stress to achieve a state of complete relaxation and tranquility.

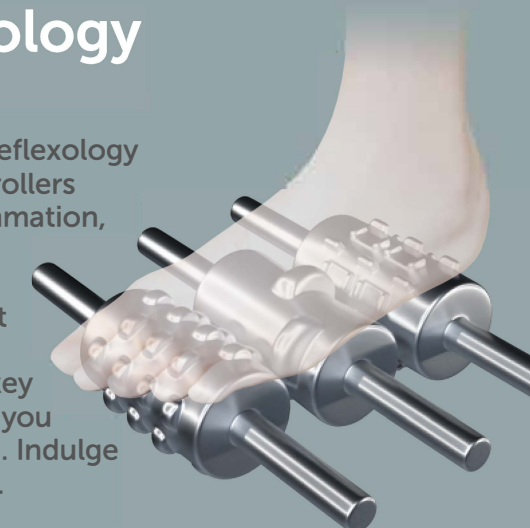

Position 2

Further elevates the legs above the position of the heart.

Triple Reflexology Foot Rollers

Experience the power of reflexology with our foot rollers. The rollers relieve pain, reduce inflammation, and renew your vitality by activating special nerve endings on the soles. Treat yourself to a revitalizing massage that targets the key areas of your feet, leaving you refreshed and rejuvenated. Indulge in ultimate foot relaxation.

A Chair Tailored for Everyone

“Hello, Daiwa”

Voice-Activated Massage System

The Pegasus Hybrid offers Smart-Listen Voice Control technology, letting you activate or make any adjustments without lifting a finger. Simply say “Hello, Daiwa” to begin.

Light Bar

Multi-Sensory Experience

Complete the experience of the massage with the color-changing ambient light. Pegasus Hybrid uses seven-color low-energy lights tucked discreetly into the base to complete the **multi-sensory, full-body massage experience.**

24 Massage Programs

Professionally Designed

The Pegasus Hybrid offers a selection of over 24 built-in massage programs. These programs have been designed with professional massage therapists, ensuring an unparalleled and rejuvenating massage experience. Each program can be used in 3 different time intervals allowing for 72 different massage experiences. Whether you are seeking relief for your back, neck, shoulders, legs, or full body, the Pegasus Hybrid has the perfect program for you to address your specific needs.

Feature

Offers specialized massages that cater to individual needs.

Time

Focuses on delivering targeted relief to specific areas of the body at all times of the day.

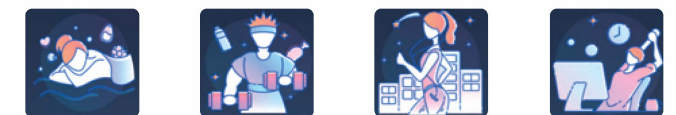

Power

Offers massages to alleviate pain, tension, and soreness throughout the body.

Sports

Provides a comprehensive full-body massage experience to stimulate the body and alleviate tension.

Classic

Offers traditional massages that reduce tension and promote relaxation.

Focus

Specializes in massages that specifically target areas of the body.
