and medical benefits.

i9 MAX PLUS

OUTSTANDING FEATURES:

The i9 MAX PLUS has implemented the **first-of-its-kind Massage Track**. The **New Patented Split L-Track** which delivers all the benefits of an L-Track chair while also allowing for the superior stretch functions of an S-Track.

Patented Powered Easy-Entry Armrests that allow for Users to easily enter and exit. Chairs in the past have been cumbersome to get in and out of, and now Luraco has solved that challenge.

Patented 3D "Butterfly Technology" Robotic Rollers gives an even closer feel to an actual hands-on massage. **Note:** Please don't be misled by 4D or 5D space advertised by other manufacturers. If air, motor speed, music, or heat is considered a dimension then Luraco i9 Max Plus would be a 7D Chair.

Zero Gravity (neutral body posture position) which has been proven to heighten the state of relaxation and well-being.

Calf Rollers that combine with air massagers for complete massage therapy for sore calf muscles and **Tripled Foot Rollers** to give full toe-to-heel massage coverage along with new **Achilles Heel Massage Nodes**.

7 Human-voice Response System (English, Vietnamese, Spanish, German, French, Japanese, and Korean). This chair gives instructions and confirms the commands you give it!

6 Sections for Multi-Intensity Massage Controls (Neck, Upper Back, Lower Back, Arms, Calves, and Feet).

5 Levels of Intensity Controls with TRUE 3D – from super soft to intense to allow adjustments as needs change.

Unique features for up to **5 different user saving profiles** so the whole family can customize and enjoy.

Warm Chair – Warm Body: This automatic feature eliminates the discomfort of cold chairs, allowing you to relax and snuggle into a soothing, warm chair from the moment you sit down. Heat for massage and "Warm Chair – Warm Body" heat are working independently.

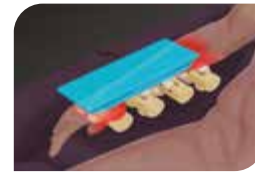

First and Only in the industry with **Hand Stretching by Powered Armrest Actuator (Patent Pending)**.

First and Only **Adjustable Positions for Armrest for Spot-On Hand and Arm Massages**.

Patented Position Adjustable Bicep/Shoulder Massagers that allows for various user's heights.

Patented Hand Rollers that work in harmony with air massagers.

Adjustable **Heat for Hands, Lower Back and Feet** for comfort and relief.

Unique and Advanced **Full-body Stretching** (lower back, foot, and arm stretching by powered actuators).

Automotive Industry Leather for the entire chair.

Powerful **Bluetooth Speaker (10 W)** for music streaming with secured password access.

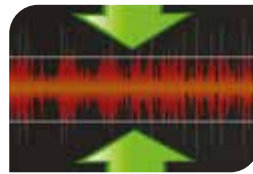

Most technically up-to-date, smart handheld **Touch-screen Control**. Same platform as in Smartphones, and very easy to use.

Body Twisting Stretch by advanced air compression.

USB port for phone charging.

Patented Noise Deduction Technology to maximize relaxation and improve health and wellbeing. As of today, i9 MAX PLUS is considered the most quiet chair on the market.

Integrated **Blood Pressure and Heart Rate Monitor** (optional).

Unlimited Over-the-Air (OTA) WiFi Software Updates (If a new software version becomes available, your i9 Max Plus chair can be updated via WiFi). It's another new and secured feature/service that only U.S. manufacture can offer.

Best Warranty in the Industry (i9 Max Plus Series are the only chairs with 10 year warranty for leather).

More features: * Independent Rhythm and Speed Controls for Kneading and Tapping massages * Pause and Resume Button (for when the User needs to pause their massage) * User height recommendations of **4'7" to 6'10"**.

All i9 Max Plus Series chairs have a 10-Years Warranty - THE BEST WARRANTY IN THE INDUSTRY

i9 MAX PLUS SPECIAL EDITION

While the i9 Max Plus Special Edition includes all the features of the i9 Max Plus, what's even more impressive is that Luraco is the only manufacturer that can offer customization with the additional features listed below. This Edition is built per order.

Genuine leather **Owner's name tag** on the chair.

Includes **Blood Pressure and Heart Rate Monitor**.

Software Customization (Level I Package): Special keypad screens showing ownership, e.g. **"This chair is Specially Made for Dr. Smith"**.

Doubled 3D Engines (2x3D) with Patented "Butterfly Technology" (full back, neck, and shoulder massage at the same time).

Backup emergency power to restore the chair to the original position. This feature allows user an easier exit from the chair in case power is lost.

Wireless Charger for smartphones with **2022 Qi Technology**.

i9 MAX PLUS BILLIONAIRE EDITION

i9 Max Plus Billionaire Edition has all the features of Special Edition and the following additional features. This Edition is built per order.

Software Customization (Level II Package): Special Embedded Software Version for Keypad PCB, Motherboard PCB, Daughter Board PCB that allows user to customize the chair performance in all Auto Modes.

Customized remote-control software with owner's picture on the welcome screen.

i9 MAX PLUS ROYAL EDITION

i9 Max Plus Royal Edition has all the features of the Billionaire Edition and the following additional features. This Edition is built per order.

18K Gold owner's name plate (**Solid Real Gold BLOCK**)

18K Gold plated massage robot arms

18K Gold plated trims on the armrest and footrest
