Important Safety Instructions For ZVOX Audio System

**WARNING**

- Do NOT use headphones at a high volume for any extended period. To avoid hearing damage, use headphones at a moderate, comfortable volume level.
- Turn the volume of your device down before placing headphones on your ears. Turn up volume to a comfortable level.
- Do NOT use your headphones while driving or riding a bicycle.
- Do NOT use your headphones with noise cancelling on at any time where the inability to hear surrounding sound may present a danger to you or others.
- Do NOT use your headphones if they emit any loud or unusual sounds. If this occurs, turn the headphones off and contact ZVOX customer service.

**NOTE:** This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential situation. This equipment generates, uses and can radiate radio frequency energy and if not used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular circumstances. If this equipment does cause harmful interference to radio and/or television reception, which may be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of more of the following measures:

- Reorient the equipment and/or the receiving antenna of the affected device.
- Increase separation between the equipment and the affected receiver.
- Connect the equipment to an AC outlet of a different mains circuit/outlet providing power to the receiver.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION**

Changes or modifications to this equipment not expressly approved by ZVOX Audio, LLC for compliance will void the users warranty.

Disposing of this appliance

Electric and electronic appliances often contain valuable materials. These appliances may also contain materials essential for the correct functioning of your appliance which, if handled or disposed of incorrectly, could be hazardous to human health and to the environment. Therefore, please do not dispose of this appliance with your household waste. Dispose of it at your local community waste or recycling center, or contact your retailer for advice.

---

**Important Safety Instructions**

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Only use attachments/accessories specified by the manufacturer.
10. Unplug this apparatus during lightning storms or when unused for long periods of time.
11. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
12. **Grounding or Polarization**—This product may be equipped with a polarized alternating-current line plug (a plug having one blade wider than the other). This plug will fit into the power outlet only one way. This is a safety feature. If you are unable to insert the plug fully into the outlet, try reversing the plug. If the plug should still fail to fit, contact your electrician to replace your obsolete outlet. Do not defeat the safety purpose of the polarized plug.
13. No naked flame sources, such as lighted candles, should be placed on the apparatus.

What is Included in the Carton

Headphones

USB charging cable
USB A to USB Micro B

audio signal cable
3.5mm (1/8") stereo miniplugs
Earcup Identification

Features of the AV50 Headphones

- The AV50 headphones benefit from ZVOX’s unique acoustic and electronic expertise. These headphones make it easy to hear all voices clearly, even at low volume levels.
- Engage the AV50 headphones’ noise cancelling circuitry to reduce annoying background sounds.
- Bluetooth pairs with your smartphone for distraction-free telephone conversations.
- Link with your Bluetooth-capable TV for clear dialog on network, cable and streaming programs.
- The AV50 headphones are very comfortable and weigh less than half a pound (230 grams). So you can wear AV50 headphones for hours without fatigue.
- The AV50 headphones have an internal rechargeable battery that lasts for up to 15 hours in noise cancelling mode using the supplied audio signal cable. The battery lasts for up to 11 hours in noise cancelling mode when the Bluetooth wireless signal connection is used.
- The AV50 headphones come with slim padded carrycase.
- 30-day return policy
- One year warranty

Right Earcup

Charging Light

USB Charging Port

Multi-Function Light

Noise Cancelling ON and OFF

Audio Signal Input (3.5mm stereo minijack)
Charging The Internal Battery: Use the supplied USB charging cable to connect between the AV50 headphones’ charging socket and any standard USB jack. The charging indicator light changes from red to blue when the internal battery is fully charged.

A fully-depleted battery can take up to 18 hours to recharge. A partially-depleted battery will take less time to recharge.

After charging the AV50 headphones, disconnect the USB charging cable.

Wearing the AV50: The earcups of the AV50 headphones are marked with an “L” and an “R”. Position the “L” earcup on your left ear and the “R” earcup on your right ear.

Adjust the depth of the headband for a comfortable fit.
Power: To turn on the AV50 headphones, press and hold down the POWER button until “Power On” is heard. The Multi-Function Light will turn BLUE for a few seconds.
Operation of the AV50 Headphones

**Power button:** Press and hold to turn on and off.

**Wired Signal Connection:** Insert the straight miniplug on the audio signal cable into the audio signal input on the AV50 headphones. Connect the right-angle miniplug on the opposite end of the cable to a minijack audio signal source.

**Wireless Signal Connection:** Go to the Bluetooth Connection setting on your audio source device. Select “ZVOX AV50” on the list of available Bluetooth devices. You will hear the “connected” announcement through the headphones when the Bluetooth pairing is successful.

**Noise Cancelling:** To engage the Noise Cancelling feature, press and release the “N” button. You will hear an audible confirmation. Please Note: A connected audio signal source is necessary for noise cancelling to function—either a Bluetooth signal connection or a miniplug connected to the Audio Signal Input.

**Volume Adjustment:**

*Wired operation:* Leave the indicated volume on your phone or tablet at 80% of full volume. Use the buttons on the AV50 to control volume.

*Wireless operation:* You can adjust the volume from either the source or the AV50 headphones.

**Fully Charged Battery Runtime:** With the noise cancelling feature ON and using a wired audio signal source: Approximately **18 hours.**

With the noise cancelling feature ON and using a Bluetooth (wireless) audio signal source: Approximately **11.5 hours.**
