2. The Attic

Finding unusual pieces of furniture requires time and dedication, but the good folk at The Attic can change all that. Describing themselves as 'independent furniture consultants', they have the knowhow to acquire even the trickiest pieces on your behalf (all above board, we promise). Out to prove that desirable doesn't have to mean unaffordable, their experts will listen to your brief and whip it up in their own manufacturing yard in India.

If a hand-crafted piece isn't what you are after, they can also help you out with up-cycled or antique finds.

Top tip: To keep the experience as personal as possible The Attic operates a strict appointment policy, so give them a call when you are planning your next purchase.

Al Quoz, Industrial Area 4, Dubai, Sat and Sun. Tel: (050) 7027116. Taxi: Behind Marina Furniture.
