SELF INFLATING ROOF RACKS

STORAGE BAG

SAFETY INFORMATION

SuspENZ® is very serious about safety. It is critical that you properly secure this rack to your vehicle. Failure to do so could result in serious bodily injury or property damage. Before assembly please read the complete manual. Be sure that you have all the parts and that they are not damaged in any way. Check to make sure that both the rack and load are secure before driving.

 This symbol in the instructions indicates an important warning. Please heed these warnings. 11/16

INFLATING ROOF RACK

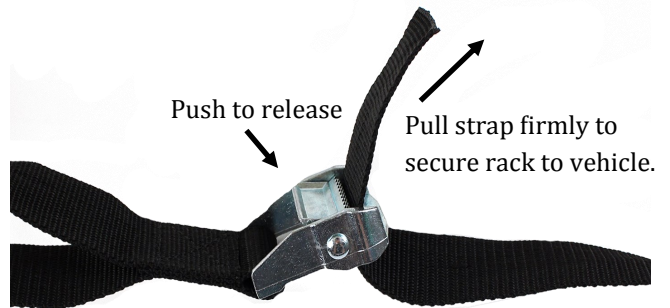

STEP 1: Unpack and roll out flat. Release strap from buckle.

STEP 2: OPEN Air Valve and rack will self-inflate. Once inflated, CLOSE Air Valve.

NO PUMP NEEDED!

STEP 3: Open vehicle doors and place rack on top of vehicle.

STEP 4: Circle strap through vehicle interior and thread through buckle on end of rack to tighten as shown. Close all doors.

Tie off excess strap.

STEP 5: Repeat STEPS 1 - 4 for second rack.

STEP 6: When racks are not in use; remove them from vehicle. OPEN Air Valve, lay rack out flat and roll it up tight! Then CLOSE the Air Valve to keep rack deflated for compact storage in bag.

WARNINGS

- Do not exceed load limits of vehicle. Do not exceed the rack weight limit of 100 lbs.
- Before each use, check to make sure rack is securely attached to vehicle roof. Tighten strap if necessary as they can loosen over time.
- Inspect straps before each use.
- Use caution when opening your hatch – longer kayaks may prevent the hatch from fully opening.
- Roof antenna may need to be removed to prevent interference with longer kayaks.
- Remove rack before entering an automatic car wash.
- Do not let children play on rack.
- To clean, use a soft cloth with water and mild detergent.
