

HOW TO MEASURE YOUR PET FOR A COLLAR

Our dimensions reflect our actual product, not your pet's neck size. To determine the proper size for your pet, follow the below instructions. Measure your dog's neck using a cloth measuring tape. The resulting measurement plus 2" is your dog's neck size. The collar should be snug with enough room to fit two fingers between your dog's neck and collar.

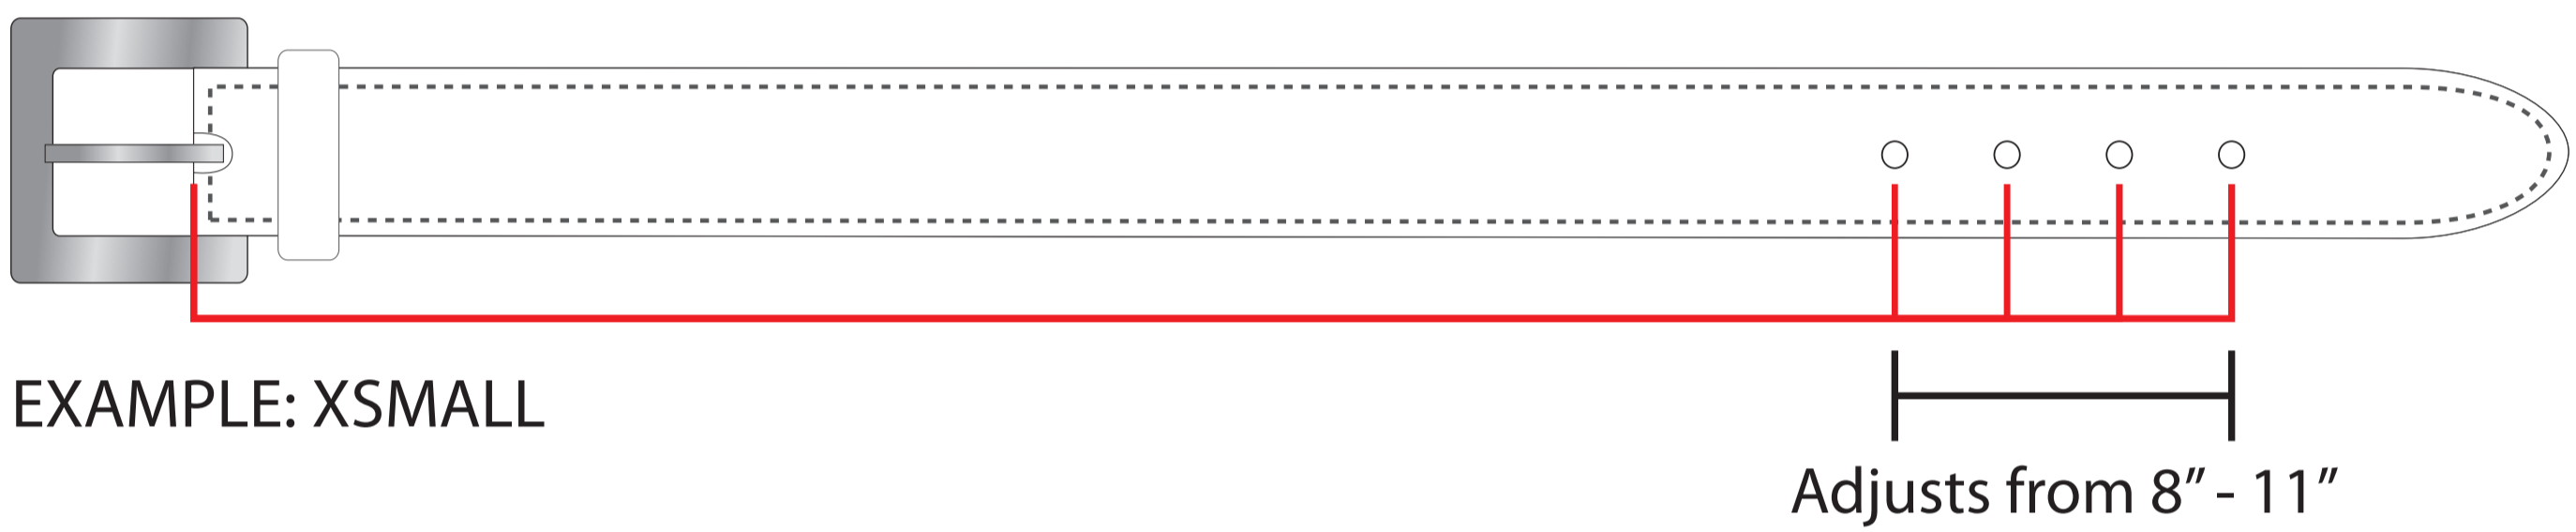

TIP

If you don't have a cloth measuring tape, try using a piece of string and then measure the string with a ruler.

COLLARS

PROPER FIT

STEP 1

Place and fit the neck portion of the harness around the base of the neck. Use the buckle to secure.

STEP 2

Place and fit the chest portion around the widest part of the body, behind the front legs, and secure.

You should be able to slide a thumb between your pet's body and the harness.
