GENERAL INFO

DESIGNED FOR RAINWATER SUPPLIES

Undersink Water Filter System with High Loop LED Faucet

The Puretec Ecotrol™ ES2 Series is designed for alternative water supplies. It turns your rain or bore water into safe, delicious, great tasting water for cooking and drinking.

It uses ceramic cartridge technology to physically filter harmful bacteria (E. Coli, Shigella, Salmonella, Klebsiella, Cholera), lead, chlorine taste & odour, turbidity and sediment down to 0.2µm. The cartridge is silver impregnated to prevent bacterial growth.

This economical filter system will easily fit under your existing kitchen bench. All plumbing fittings are included for easy installation. It also comes with an LED faucet with filter change reminder light that tells you exactly when to replace your cartridges.

SPECIFICATIONS

Model:	ES2

ADDITIONAL INFORMATION**Easy Home Installation**

The Puretec Ecotrol™ ES2 Series is an economical filter system that easily fits under your existing kitchen bench. All plumbing fittings are included for easy installation. It also comes with an LED faucet with filter change reminder light that tells you when to replace your cartridges.

Dual Stage Filtration

Ecotrol™ ES2 Series system incorporates the most advanced Dual Action Filtration Technology. With 2 levels of filtration, the ES Series filters your bore/rain water of sediment, rust and dirt. Harmful bacteria, cysts, bad taste and odour are filtered using silver impregnated ceramic cartridge to provide great tasting and healthy water as possible.

Longer Filter Life

The Ecotrol™ ES2 Series incorporates Puretec's long life filter technology, so you can go longer between filter replacements, and comes with our **3 Year Platinum Protection Warranty**^.
