

## **RELN Splash Block**

- Stops soil erosion around your footings
- Diverts gutter downpipe water flow
- Ideal for sandy soils
- Available in 3 colours. Mist Green, Stone and Black
- Stackable, easy to transport
- Made from 100% UV-stabilised recycled plastic

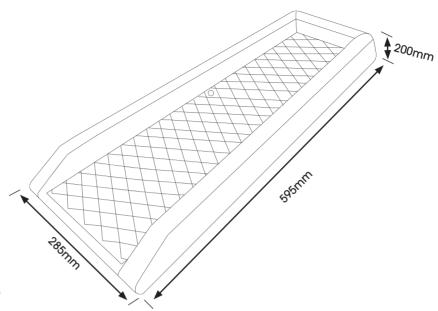

## Splash Block

RELN Splash Block directs stormwater run-off when placed under gutter downpipes; preventing soil erosion that normally occurs with excessive water run-off.
