

Heat Stone User Manual

Thank you for purchasing a TEMP-TECH® Heat Stone! At TEMP-TECH®, your safety is our top priority. Please follow the below usage instructions carefully. Failure to do so or misusing the product in any way may result in personal injury or damage to property.

HEATING INSTRUCTIONS

1. Place Heat Stone in a conventional oven at a maximum of 350° F for 20-25 minutes. **WARNING:** Do not exceed temperature of 350° F.
2. Remove with a well-insulated oven mitt or potholder and place in designated Heat Stone cardboard box. **CAUTION:** Heat Stone will be extremely HOT. Do not let Heat Stone come into contact with skin.

WARNING: Keep heated Heat Stone out of contact with paper, plastic, or other products that may melt, scorch, or burn.

USAGE INSTRUCTIONS

1. Place Heat Stone Box with Heat Stone on the bottom of a TEMP-TECH® Insulated Food Bag, food carrier, or other food safe carrier, cooler, or hot cart.
2. Stack meals on top of the Heat Stone and seal carrier before leaving for delivery.

WARNING: If you choose not to use the specially designed cardboard Heat Stone Box, you must use some sort of insulating barrier to separate your Heat Stone from your carrier to prevent heat damage to container.

WARNING: The TEMP-TECH® Heat Stone is intended solely for the purpose of supporting safe food temperatures during holding and transport. Any other use is strictly prohibited.

WARNING: For adult use only. Not for use by children under 12.

CLEANING INSTRUCTIONS

Hand wash with warm water and a mild detergent. Do not place in dishwasher.
