

CATÁLOGO 2019 - 2020

A collection of various patterned and textured rug rolls and a wooden crate with tassels, set against a light wood plank wall. The scene is styled in a rustic, bohemian aesthetic. The rug rolls feature different patterns, including a dark geometric pattern, a light floral pattern, and a dark floral pattern. The wooden crate is made of light-colored wood and has several white tassels hanging from it. In the background, a woven basket holds some dried flowers, and a small table holds a few ceramic items. The floor is made of light-colored wood, and a striped rug is partially visible in the foreground.
