NOT FOR USE ON LAWNS

EASY TO APPLY

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear protective eye wear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

ENVIRONMENTAL HAZARDS
This pesticide is extremely toxic to freshwater marine, and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes or estuaries to aerial drift. Do not contaminate water when disposing of equipment wash waters. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FIRST AID

IF IN EYES • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact PERS (800) 633-8253 for emergency medical treatment information.

GENERAL INFORMATION

TCS Elegant Garden™ Weed Preventer prevents most weeds from germinating in flower and vegetable gardens, in ground covers and around trees and shrubs. Although TCS Elegant Garden™ Weed Preventer will not kill existing weeds, it will prevent new weeds from sprouting - eliminating the need for difficult and time-consuming hand weeding. Without weeds, your valuable plants can grow larger and stronger. Your beds will stay neat and weed-free all season long!

GENERAL PRECAUTIONS AND RESTRICTIONS
NOT FOR USE ON PLANTS BEING GROWN FOR SALE OR OTHER COMMERCIAL USE, OR FOR COMMERCIAL SEED PRODUCTION OR FOR RESEARCH PURPOSES. FOR USE ON PLANTS INTENDED FOR AESTHETIC PURPOSES, OR CLIMATIC MODIFICATIONS AND BEING GROWN IN ORNAMENTAL GARDENS.

RESTRICTIONS:
• Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
• Do not apply to Ajuga, Myrtle or Pachysandra until it is well established, as injury may result.
• Do not apply TCS Elegant Garden™ Weed Preventer to muck soils or to soils containing more than 10% organic matter.
• Do not over-apply; injury may occur to subsequent crops which are sensitive to TCS Elegant Garden™ Weed Preventer.
• Do not use with crops other than those listed on this label.

NOTE: This product is not for use on lawns, nor for use in enclosed areas, such as greenhouses. To prevent possible staining to unintended surfaces, ex.: Concrete, stone walks, vinyl surfaces, etc., sweep up stray granules as soon as possible.

ENTRY RESTRICTIONS

Do not allow people or pets to enter the treated area until dusts have settled. If product is watered-in, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

ANNUAL WEEDS CONTROLLED

Grassy weeds: Barley, Hare, Barnyardgrass (Watergrass); Bluegrass, Annual, Bromo, Cheat; Crabgrass; Cupgrass; Southwestern, Woolly; Fescue, Rattail; Foxtail; Guineagrass; Goosegrass; Johnsongrass (from seed); Junglerice; Lovegrass; Oat, Wild; Panicum; Fall, Texas; Sandbur; Shattercane; Signalgrass (Brachiaria); Sprangletop; Stinkgrass; Wildcane; Witchgrass

Also controls these broadleaf weeds: Carpetweed; Chickweed; Goosefoot; Henbit; Knotweeds; Kochia; Lambsquarters; Nettle; Stinging; Pigweed; Puncturevine (Western U.S. only); Purslane; Pusley; Florida; Thistle, Russian

GUARANTEE

Turf Care Supply Corp guarantees you will be satisfied with the performance of this product when used as directed, or your money back. To the extent consistent with applicable law, the manufacturer makes no warranties, expressed or implied, concerning this product or its use, which extend beyond the description on the face hereof. All statements made concerning this product apply only when used as directed.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. **PESTICIDE STORAGE:** Keep container closed and away from food, feedstuffs and domestic water supplies. **CONTAINER DISPOSAL:** If empty: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Do not rinse unless required for recycling. If recycling is not available: then dispose of container in a sanitary landfill or, if allowed by State and local authorities, by burning. If partly filled: Call your local solid waste agency for disposal instructions. Never pour unused product down any indoor or outdoor drain.

WHEN TO APPLY

Apply anytime during the growing season around established plants and transplants. TCS Elegant Garden™ Weed Preventer should not be used on flower seeds. It can be used after flowering plants have germinated and are 2-3 inches tall. TCS Elegant Garden™ Weed Preventer may also be incorporated into the soil when seeding vegetables or applied after mulching beds. Since it does not kill existing weeds, you must first remove any that have already begun to grow. By applying TCS Elegant Garden™ Weed Preventer as early as possible, you can eliminate the need for hand weeding. Rain does not wash this product off of the soil. To keep ornamental beds weed-free all season long, Reapply TCS Elegant Garden™ Weed Preventer every 9-12 weeks.

HOW TO APPLY

To avoid plant injury, do not apply TCS Elegant Garden™ Weed Preventer when foliage is wet. When plants are dry, sprinkle TCS Elegant Garden™ Weed Preventer on soil surface at rate given below for your specific planting situation. Once activated by watering or soil incorporation, TCS Elegant Garden™ Weed Preventer forms a weed control barrier in the top layer of soil, preventing weed seeds from germinating. Disturbance to the soil surface after activation may result in erratic weed control.

APPLYING AROUND ESTABLISHED PLANTS AND TRANSPLANTS

For flowers, roses, herbs, ground covers, ornamental grasses, shrubs, trees and listed vegetables at least 2-3 inches tall (see special section for use on vegetables): sprinkle TCS Elegant Garden™ Weed Preventer evenly over the entire soil surface, at the rate of 1 oz. per 10 sq. ft. (see picture to the right), being sure to keep granules away from plant roots and foliage. Immediately water TCS Elegant Garden™ Weed Preventer into soil surface. If watering-in is not convenient, lightly rake into soil surface. Always wash or brush off stray granules from plant foliage to avoid damage or discoloration. **Surface Application Rate:** Sprinkle TCS Elegant Garden™ Weed Preventer as shown on soil surface.

APPLYING WITH MULCH

For best weed control, apply TCS Elegant Garden™ Weed Preventer after spreading mulch on your flower and shrub beds. Sprinkle TCS Elegant Garden™ Weed Preventer on top of mulch at surface rate (see picture above), being sure to keep granules away from plant foliage. Immediately water TCS Elegant Garden™ Weed Preventer into mulch. If watering-in is not convenient, lightly rake into top layer of mulch. Always wash or brush off stray granules from plant foliage to avoid damage or discoloration.

FOR USE ON VEGETABLES

First remove all existing weeds, then lightly rake to prepare a smooth soil surface. Uniformly mix TCS Elegant Garden™ Weed Preventer into the top 1-2 inches of soil immediately after application, using care not to damage any emerging crops. Rate of application depends on type of soil. Apply at 1 lb. per 640 sq. ft. for heavy clay-type soils, at 1 lb. per 960 sq. ft. for medium loam soils, and at 1 lb. per 1,280 sq. ft. for light sandy soils.

BEFORE Seeding:	AFTER Seeding or Transplanting:	AFTER Planting: Potatoes (except in Maine)	BEFORE Transplanting:	Perennial Vegetables:
Broccoli, Brussels Sprouts, Cabbage, Carrots, Cauliflower, Celery, Collard, Black-Eyed Peas, Field Peas, Green Peas, Kale, Lettuce, Lima Beans, Mustard Greens, Okra, Radish, Southern Peas (Cow Peas), Snap Beans, Turnip Greens.	Cantaloupes, Cucumbers, Watermelons. Apply after plants have developed 5 or more leaves.	May be applied after planting, before or after emergence. Use care not to damage seed pieces in cultivating or slow treated soil to contact emerged plant foliage.	Celery, Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Eggplant, Peppers, Onions, Tomatoes	Asparagus - Apply prior to spear emergence of established plants.
