

AUTREMENT SYRAH ROSÉ

IGP Pays d'Oc

Act for planet

Winemaker's note

More than an organic wine, Autrement is first and foremost a premium wine meeting the stringent quality requirements common to all the wines Gérard Bertrand. Such constant quality is ensured by the blending of the different terroirs. This range fully expresses Gérard Bertrand's commitment to the environment, recognised by the ECOCERT certification, guaranteeing organic production, a benchmark label for French consumers (85% brand recognition in France), with eco-friendly packaging (labels in recycled paper, untreated cardboard and natural Procork corks). This range is part of our policy of sustainable development focused on preserving our wine-growing landscapes and the drive for a style of farming which respects biodiversity. Ardent defenders of ecology, people enjoying "healthy products", wine-lovers and gourmets looking for new sensations will all find that the Autrement wines live up to their expectations.

Winegrower's note

The grapes are vatted as soon as they are brought into the cellar. The racking is performed immediately to draw off the pink juice. The alcoholic fermentation is conducted at low temperature to preserve the aromas and finesse of the Syrah. The malolactic fermentation is avoided to guarantee the freshness. The wine is aged in vats and bottled the following spring.

Tasting notes

The robe is pink with light salmon tints. The nose expresses aromas of red fruits and violet. Its roundness on the palate and its balance give it a greedy character.
