

SOLAR 6 GRENACHE ROSÉ

IGP Cévennes

Act for planet

Winegrower's note

Solar 6 is a wine from organic farming certified "AB" and "Bee Friendly", a label that aims to protect bees and pollinators. In an alarming context of the increasing disappearance of pollinators, beekeepers have initiated the creation of the European "Bee Friendly" label in order to identify agricultural practices that respect the preservation of bees. The name of this range of round and fruity wines, Solar 6, pays homage to the solar terroirs of the South of France where these wines are made. It also evokes the first flight of recognition of bees, the "fireworks sun", and the symbolic number of these pollinators, 6.

Winemaker's note

The plots of Solar 6 benefit from a beautiful sunshine and a terroir made of rolled pebbles which gives the grapes a wide aromatic palette. After the sorting of the harvest and the pressing under gas, the grapes are lightly macerated during the pre-fermentation phase before being placed on fine lees in the post-fermentation phase and put into thermo-regulated vats.

Tasting notes

Endowed with a clear robe with garnet reflections, this grenache rosé has a charming and fresh nose of red fruit aromas, such as blackcurrant and strawberry.

This is followed by a supple attack on the palate, with an ample, round and suave mouth. Fresh and fruity, this Grenache Rosé cuvée offers intense floral notes and mouth-watering aromas of red fruits.

Solar 6 Grenache is a rosé characteristic of the hillsides on stony and warm terroirs.

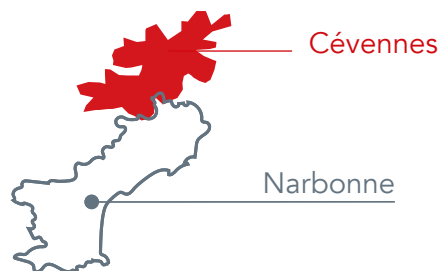

To taste between 8° and 10°C.
