

SOLAR 6 SAUVIGNON

IGP Cévennes

Act for planet

Présentation

Solar 6 is a wine from organic farming certified "AB" and "Bee Friendly", a label that aims to protect bees and pollinators. In an alarming context of the increasing disappearance of pollinators, beekeepers have initiated the creation of the European "Bee Friendly" label in order to identify agricultural practices that respect the preservation of bees. The name of this range of round and fruity wines, Solar 6, pays homage to the solar terroirs of the South of France where these wines are made. It also evokes the first flight of recognition of bees, the "fireworks sun", and the symbolic number of these pollinators, 6.

Vinification & élevage

Located in the north of the Gard, at the foot of the Cévennes hills and the Ceize valley, the south-facing vineyard plots, with their clay-limestone nature, allow the expression of beautiful grapes to give the typical characteristics of Sauvignon. Plot selection is carried out before manual harvesting, followed by direct pressing of the grapes, for the full expression of the fruit. After cooling and settling of the juice, alcoholic fermentation is carried out at a controlled temperature in inox vat, in order to develop as many aromas as possible and delivering the freshness of Sauvignon grapes.

Notes de dégustation

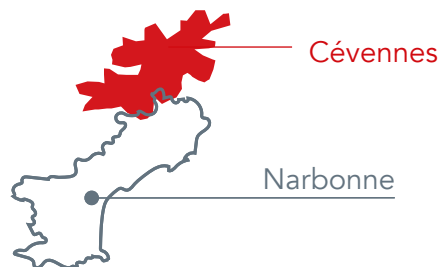

Endowed with a beautiful luminous robe with bright and light yellow reflections.

The nose reveals fine aromas of citrus fruit with lemon and grapefruit mixed with subtle notes of yellow fruits. This wine is pure, a great balanced and delicate.

Encépagement

Sauvignon

Serve between 8° and 10°C.
