

SOLAR 6 SYRAH

IGP Cévennes

Act for planet

Winegrower's note

Solar 6 is a wine from organic farming certified "AB" and "Bee Friendly", a label that aims to protect bees and pollinators. In an alarming context of the increasing disappearance of pollinators, beekeepers have initiated the creation of the European "Bee Friendly" label in order to identify agricultural practices that respect the preservation of bees. The name of this range of round and fruity wines, Solar 6, pays tribute to the solar terroirs of the South of France where these wines are made. It also evokes the first flight of recognition of bees, the "fireworks sun", and the symbolic number of these pollinators, 6.

Winemaker's note

The plots of Solar 6 benefit from a beautiful sunshine and a terroir made of rolled pebbles which gives the grapes a wide aromatic palette. The grapes are destemmed and put in a vat for a cold pre-fermentation maceration that lasts 24 hours. Then, a traditional maceration is made at a 24°C controlled temperature.

Tasting notes

Round and fruity, this Syrah wine celebrates the sunny terroirs of the South of France and offers intense notes of subtly spicy red fruits.

The robe is a deep red and black, particularly concentrated. A powerful nose with notes of ripe fruit, sweet spices and cinnamon. A round and supple attack on the palate, with a full and concentrated core of very ripe fruit and silky tannins, making it a warm wine.

Solar 6 Syrah is a red wine characteristic of the Costières on stony and warm terroirs.

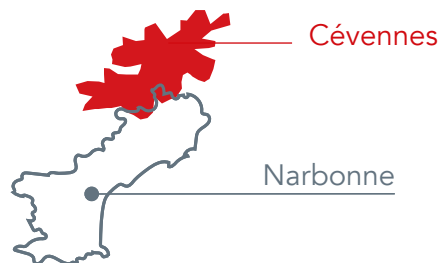

To taste at 18°C.
