

SPHÈRE ROSÉ

IGP Pays d'Oc

Creations

Winemaker's note

Sphere captures the spirit of the South of France, elegant and friendly, in an attractive bottle with subtle floral aromas. Discover the unique and airy character of its very fine bubbles, for all your moments of sharing and relaxation, for meals or as an aperitif.

A wine, very fine bubbles, for a tasty moment!

Winemakergrower's note

A soft and progressive pressing helps preserve the quality of the berries. Only the first juices are selected to develop this cuvée.

Once the fermentation is completed, the wine is left to stand to avoid oxidation and to keep a maximum of endogenous carbon dioxide. The carbon dioxide from the natural fermentation is kept in the bottle to preserve the very fine bubbles.

Tasting notes

Sphere rosé is a crystalline and radiant wine.

The nose is intense and reveals aromas of small red fruits.

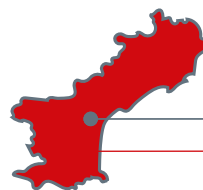

The mouth reveals very fine bubbles, bringing a pleasant freshness and lightness, with notes of red fruits.

Serve between 9 and 12 ° C, with tapas and dishes from the South of France such as octopus salad and spicy olives.
