# Teak Collection

Native to southern Asia but grown in tropical regions throughout the world, teak is a wood renowned for its strength, durability and water resistance, making it a great option for outdoor furniture. It also boasts a straight grain and an attractive rich golden brown colouring, so it's as attractive as it is practical.

Our collection includes numerous options for your veranda, pool or garden, including bar stools, benches, chairs, coffee tables and dining tables. All benefit from the natural oil found in teak, meaning they are water and pest resistant and most importantly protected against decay.

Have a read through our brochure for more information on our premium teak collection, including our loungers, ottomans and sofas which also take advantage of the properties of this sublime material.

East India Trading is against illegal logging and proud to be amongst the first in Semarang to gain accreditation. Guaranteeing the chain of custody from the plantation to you.
