Stainless Steel

# Elle 316

**Corrosion Resistance**  
Ideal for applications in outdoor environments

**Strength And Durability**  
Ideal for demanding conditions

**Hygienic**  
Commonly used where hygiene and cleanliness are important

**Aesthetics**  
Attractive appearance with various finishes

With the highly sought after Elle 304 Grade Stainless Steel range bringing Linkware's manufacturing prowess to the fore, we introduce the Elle 316 range.

In conjunction with our Italian designer—the Elle 316 range meets the very highest standards of European Design along with colour finishes that will excite every discerning taste.

316 stainless steel is considered an excellent material for various applications due to its unique combination of properties, making it highly versatile and suitable for a wide range of environments.

Products include Lifetime warranty on Brushed Stainless finishes and 5 ½ year warranty on colour finishes for indoor applications and 2 ½ years on outdoor applications.
