

Grass-Fed Beef Organs Complex

100% GRASS-FED, GRASS-FINISHED, FREE-RANGE SUPERFOOD

Grass-Fed Beef Organs Complex are a unique combination of freeze-dried bovine organs sourced from 100% grass-fed and finished New Zealand cattle. They are formulated with a targeted blend of five different bovine organs, including liver, heart, pancreas, kidney, and spleen, that may help support nutrient status in the body.* Each serving provides 1 g of bovine liver and 500 mg each of bovine heart, kidney, pancreas, and spleen in a convenient capsule or powdered delivery.

Grass-Fed Beef Organs Complex is a good source of iron, providing 3 mg (15% daily value) per serving, and it contains 2g in powder and 3g in capsules per serving. These formulas may help fill in the nutritional gaps for individuals who are following a standard American diet, and is ideal for individuals following a carnivore or paleo-style diet, or for those who have difficulty preparing and eating fresh organ meat.*

Edible offal and organ meats are one of the most nutrient-dense food groups. Compared to skeletal muscle meat, organ meats are known to store and contain higher amounts of proteins and other key nutrients. These vital nutrients include important energy-producing compounds, enzymes, beneficial fats, and amino acids. Bovine liver contains a variety of micronutrients that support various biological processes in the body

Highlights

- Freeze-dried bovine organs sourced from 100% grass-fed, grass-finished, and free-range New Zealand cattle
- Provides 1 g of bovine liver per serving
- Good source of iron (3 mg per serving)
- Gluten-free, dairy-free, soy-free, and non-GMO
- Animals never administered antibiotics, growth hormones, or stimulants
- Contains no artificial or synthetic ingredients and no artificial flavors, colors, or chemical preservatives
- Convenient capsule and powdered delivery options that do not require any preparation or consumption of fresh organ meats
- Certified BSE-free (free of bovine spongiform encephalopathy, which is also known as mad cow disease); raw materials have been thoroughly inspected and are free of contamination

Benefits

- Supports the body's overall micronutrient status
- May support cellular energy
- Promotes consumption of nutrients found in suboptimal amounts from standard diets

Recommended Use

Take 6 capsules per day or as directed by your health-care practitioner.

Warnings: *This product is not suitable for patients with gout, as organ meats are high in purines and may potentially increase uric acid levels.*

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6 years of age. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
