Important Notes!

Please note, all items are handcrafted and will always have some kind of slight variation and you will need to allow for tolerance if getting any signage or similar created off these dimensions.

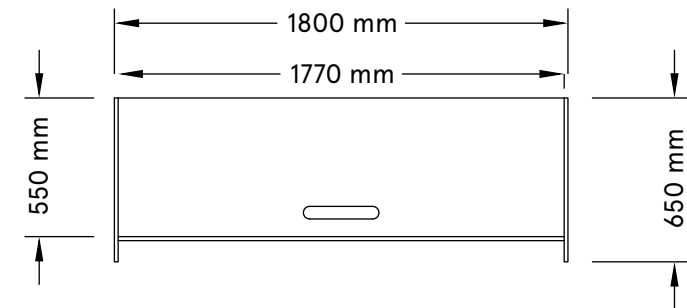

Timbermill holds no responsibility for anything created based off these dimensions.

DETAILED NOTES OR VIEWS – IF APPLICABLE

- This bar is flatpack and comes unassembled with multiple pieces. Will require simple assembly on site. Please keep this in mind when designing any signage or styling elements.
- If applying signage to this bar we recommend using a printed or vinyl'ed PVC or ACP panel; this is due to the timber finish, or paneling.
- We recommend 3M tabs for fixing these panels on to the bar to avoid damage to the timber finish.
- We can assist in organising these sign panels directly for you, get in touch with us for further information.
